EDITORIALS

Of Fine Response

Early in the summer the Editor and the Assistant Editor held a conference, and as a result letters went out to clubs and chapters asking for information about Pi Phi active in war work. The Editor expected an interesting response, but had never hoped for the sort of landslide of letters which came in. They were fascinating reading, all of them, whether they told of nationally prominent women or modestly said "the girls are all working for the war—but so are Pi Phi everywhere!" Herewith we give you much of the news, many of the pictures which came, and more will appear in the March issue. Please keep the news coming to us. We want news of what Pi Phi are doing, and we want news of Pi Phi relatives, too. Here is the splendor of bravery on the front lines; here is the simple courage of those who stay at home and wait; here is many a heartbreak, too. Chapter letters and alumnæ letters are full of war news, too—not to mention a flood of weddings. We have used one lovely wedding picture to typify that phase of the war as it is affecting our girls.

To all who so generously gave of their time to send in material, the ARROW offers its thanks.

Hail and Farewell

An announcement to be regretted by all readers of the ARROW is that Mercedes Baker Jorgulesco has resigned as editor of *From Pi Phi Pens*, which she has given to us so entertainingly for ten years. Her work will be greatly missed by us all—it has given sparkle and color to the pages of the ARROW. Her promptness and unflinching cooperation have been a constant joy.

We are fortunate in having an experienced person to take her place, already working on the editorial staff of the ARROW as a contributor—Marjorie Bright Sharpe, Texas A. Mrs. Sharpe is now living in Boston, where her husband, Dr. Walter Sharpe, is on the staff of the Public Health Service Hospital. She has done book reviews for the *New York Times*, and is now doing features for the *Boston Herald*. Her department in this issue was done in haste to meet our deadline, shortly after her appointment, yet is interesting indeed, and promises fine things for the future.

A New Plan

We present in the following pages a new plan which is being carried out for the Fraternity by Maria Leonard, Indiana I, Dean of Women at the University of Illinois. Intended primarily for active chapter programs, the material presented will interest alumnæ as well, in these days when many of us grope blindly for comfort and release from pressure of war-time anxieties and home problems. Here is a real service which Pi Beta Phi can give to her members. In a world of tragic events and bewildered uncertainty as to the future, Miss Leonard has much arresting thought for us all.

Former Grand Secretary

The Editor expresses the feeling of Grand Council and of Pi Phi everywhere in voicing sorrow at the passing of Elda Smith, Illinois E, former Grand Secretary. The deepest sympathy of the Fraternity goes to her sister, Elberta Smith, also Illinois E. Pi Beta Phi treasures the memory of an always loyal and devoted member.

We Lose a Friend

For years which go back long before the present editorship one man has been in charge of the work for the ARROW at the Banta Publishing Company in Menasha, Wisconsin—

Harold Bachmann, of Appleton, Wisconsin. He has been a faithful friend of Pi Beta Phi, good right hand of the ARROW Editor. Now he is in the Army! and into that entirely new life the most sincere of good wishes from the ARROW follow him. We can ill spare such kindness, such clear thinking and understanding service. Sometimes he knew what our Pi Phi policy would be before we knew it ourselves! Many thanks and much gratitude—and best of luck to him.

Announcement

Grand Council announces the presentation of the National Army Burnham Onken Award to Alice Danuser, North Dakota A. Her picture appears with the province winners elsewhere in this number.

The national chapter awards are as follows:

Balfour Cup—Texas A.

Stoolman Vase—Colorado A.

Philadelphia Cup—Kentucky A.

To Alumnae

We quote from a recent letter of Ruth Barrett Smith, Grand Vice-President, to all alumnae clubs:

"The Fraternity needs your support, your effort, your courageous optimism. What you give or do for Pi Beta Phi this year will reward you in the future. Won't you as always budget your time and energies to include your Fraternity among your major activities?"

Of Santa Claus

"Merry Christmas!"

How few of us will say it this year with the old careless joy! Yet say it we will, for more than ever before the old, sad world needs to be reminded of the Christ Child and of the abiding good which endures through war and peace alike. For nineteen centuries faith has outlasted lesser emotions; through hundreds of wars the Star has shone on Christmas Eve. This year our men are fighting and dying to make certain that the light of that Star will never be quenched, that ever it will triumph over hatreds and oppression.

Santa Claus will come again to the world this year, for little children must have their joy. To those of us who are older should come the true spirit of Christmas, with its revival of faith and hope for the world.

The old carol says "God rest ye, merry gentlemen, let nothing you dismay." This year, we need that surcease from grieving, that relief that comes only from passing on the highest of thoughts.

So we say "Merry Christmas" to all Pi Phis everywhere!

Important Notice!

If you have a husband or a father in the armed services, please send to Central Office your name, chapter, present address, with the name, Army or Navy rank or rating of the relative.

If you belong to the WAVES, the WAACs, the Army Nurse Corps, or the Navy Nurse Corps, please send your name, chapter, service, and rank, to Central Office.

Central Office will make up as complete a roster as possible of members serving in or connected with the armed services of the United States and Canada.

Introducing a New Plan

A Message from the Grand President

SELDOM HAVE I found as great pleasure in making an announcement to the Fraternity as I find in telling you, now, of a plan which has come to be because a 1940 Convention delegate recognized a need and a Pi Phi Dean of Women has both vision and a deep devotion to her Fraternity. Last spring, at the suggestion of Eleanor White, Iowa I's president wrote saying that since Convention could not be held it hoped that chapters might have in written form the inspiring and thought-provoking talks which would normally have been given at Convention. Grand Council told Maria Leonard, Indiana I, Dean of Women at the University of Illinois, of this hope, expressive of what it believed to be the universal desire of active chapters, and asked if it would be possible for her to add to her always-more-than-filled schedule the responsibility for giving $\Pi B \Phi$ chapters "talks" and discussion outlines which would mean that the inspiration usually gained from such things at Conventions might not be lost but might also actually be deepened. Without hesitation, Maria Leonard set aside personal plans and accepted this new opportunity for a giving of herself, her understanding, and her inspiration to Pi Beta Phi.

Plans have now been formulated which mean that, once each month, for eight months of this college year, Pi Beta Phi chapters will have sent to them, as the basis for their required chapter meeting program, a brief special message from Miss Leonard and an outline for the chapter discussion which is to be based upon it. Material for each program will be sent approximately two weeks in advance of the time when it is to be used, in order that the chapter member responsible for its effective presentation may have an opportunity to become thoroughly familiar with it. The article is to be read aloud to the chapter and to be followed by open discussion which it is believed will result in constructive thinking, the purpose of the plan. The first material reached chapters within the last two weeks of September and was used at a regular chapter meeting sometime during October. Chapters may choose for themselves the meeting at which these required programs will be given but it is hoped that each chapter will find it possible to use the same rela-

tive meeting each month—the first, second, third, or fourth, as the case may be. Each chapter is asked to select by majority chapter vote the member who will conduct the program and head the discussion group. Dean Leonard has said: "Discussion leading is the highest and most delicate art in influencing group participation. . . . This is the time to have the very strongest girl in the chapter lead in these discussions, junior or senior, president or layman." The leader must be able to read the articles in such a way that their spirit will be clear to every member; to "draw out" purposeful discussion; and, herself, to "think through" the subject under consideration. Programs will be planned to take only about fifteen minutes of meeting time: from these few minutes, there will, I am confident, come helpful, clarified thinking on matters vital to the best interests of Pi Beta Phi. Some of the programs—if not all of them—should be open to pledges, so that future members, too, may benefit from the help and inspiration which Miss Leonard will give.

The first program was based upon the thought of an "I Will" Code for 1942." Dean Leonard is eager to have the topics used those which active members themselves consider most important. In order that this may be the case, she must know from you with just what things of personal, fraternity, college, and world interest you consider it most necessary that you be familiar and about which you have right attitudes. Please send **DIRECT TO DEAN MARIA LEONARD**, 100 Women's Building, University of Illinois, Urbana, Illinois, every discussion topic in which your chapter or any member feels a special interest or a special need. Make these programs especially yours by having a part in advance decisions about what they will cover!

Clara Hall Sipherd, retiring president of Alpha Province West, has consented to serve as a follow-up director of these, the first definitely required and planned chapter programs ever given to active chapters of the fraternity. She is counting on you to make it possible for us to evaluate the results, both intangible and concrete, which follow the thinking-together which these discussion

groups will make possible. Surely few things could seem more constructive or offer greater possibilities for being far-reaching for good than this help towards sane, clear, wisely-directed, and inspiring-planned programs! Pi Beta Phis today must be more than just "good fraternity members!" They must, in the fullest meaning of the words, be exceedingly fine women and wisely-contributing

and worthy members of their fraternity, their college community, their nation, and the world: Pi Beta Phi's goal set for these chapter meeting programs is the thinking and striving towards this end.

"I Will" Code for the 1942 Co-ed

"That which we enthrone in our hearts daily, that will we eventually become."

1. I will trust God and be unafraid.
2. I will live valiantly this year. I will be neither complacent nor apathetic at any cost.
3. I will do my part in campus war work, with "Service" as my watchword in my life work.
4. I will watch myself grow daily, physically, intellectually, emotionally, and spiritually.
5. I shall try to lighten any temporary cynicism I find in youth or middle age, evidencing the attitude—"What's the use anyway, I'll try to get as much out of life, for myself as I possibly can."
6. I shall be unusually alert, awake, alive in all I do, think, say and do not say.
7. I shall systematically seek to preserve my health in this war time, through
- adequate hours of quiet and rest, sleep, careful eating and outdoor exercise.
8. I will "meet rumor with reason."
9. I shall budget my time, my strength, my money, and my clothes.
10. I shall think always in terms of my potentialities, rather than in terms of my achievements.
11. I shall seek to recognize real love through respect; also recognize its cheap substitute by familiarity.
12. Finally, I will comprehend that Life will make its returns to me, just where I place *my own emphasis*, and that I shall miss the *finer things* in life, if, I am not ready to receive them, remembering daily that, "Education is not something we get, it is something we become."

"Keep on the Beam!"

Some News of Holt House

Illinois Alpha has held two parties at the Holt House this Fall—a formal rushing dinner, and a luncheon for their fifteen pledges. What a thrill for those fortunate pledges, and what a fine use for the house!

Flat silver was bought for the house during the summer.

Among the fifteen initiates of Illinois Alpha was Constance Carey, daughter of the hostess at Holt House.

The Faculty of Monmouth College will entertain at the house in January.

A group of Monmouth Pi Phis meet at the house every Tuesday afternoon and evening for Red Cross knitting.

"A Call to the 1942 American College Girl"

By MARIA LEONARD, *Indiana I*

SUNDAY, December 7, 1941, America with her college campuses turned a sudden corner and found herself at war! With her people old and young bewildered in the immediate days that followed, the college girl also found herself asking of her counsellor, "Which way?" What can I do to help and best serve in this, our country's need, while our college men, our own classmates are being drafted for the country's Service? Can we college women do less than play a dynamic part in our democracy's call for militant endeavor? This is a vital question confronting each college girl, and should be squarely faced, considered and decided upon through her own earnest contemplation—WHY am I in college?

Now is the time, if never before, to analyze your motivation. Registration in college for women today, carries with it the same serious business as pre-induction for men students. Each college woman who registers this fall of 1942 should take her enrollment as a promise to prepare herself by the hardest study possible, to be fit for our Nation's call to Service.

The pivot of your college life must now be work, Work, WORK, so as to become the highest skilled and definitely trained woman of which you are capable, remembering American students are the only students in the world, unregimented today on the planet! If there be any question in your mind as to what you should do—*stay in school*, if at all possible—for Uncle Sam's need of you at your highest level of skill and efficiency will be a *constantly growing need*—greater in the future days of reconstruction than even now. He can use you definitely more, when you are at least above the sophomore or junior college level.

It is each girl's national duty now to prepare herself to become the best possible expert in the field of her choice whatever that might be—whether her battle post be Home Economics, Nursing, Foods, stenography, languages, accountancy, physics, or engineering.

Dr. Minnie L. Moffett, National President of the Business and Professional Women of America says, "As a Nation and as a World we are adventuring out on un-

charted seas. We have to go! Forces beyond our control have pushed off our boat. As individual women, young and older, we shall be called upon to make unprecedented adjustments." Mr. Paul V. McNutt, chairman of the New War Manpower Commission says, "Four-fifths of all jobs vital to war industries can be handled by women." We must also think now of Uncle Sam's post

Maria Leonard, Indiana I

war days to come, when strong highly skilled women in trained professions and businesses *must* carry on the work of the world.

Doctors and nurses being called daily to Service throws the war burden of the home front, both community and nation, upon college women as leaders, because they have had four added years of the privilege of superior mental and emotional training. Dorothy Thompson says, "The guardians of Society, through the ages, have always been women." God grant this to be the Spirit of '42!

Today is the growing time for America's old and young. Each individual must think in terms of his or her own *highest potentiality*. This means today's present college woman will have to meet life with a technique

different from that of past generations—with a technique, inspired by a new vital motivation in human relationships, if civilization is to continue on our planet. "Society is on trial" and in deep tribulation now. You ask, "What is this new vital technique for a new world?" It must be a motivation of *Caring, Sharing, and Bearing* for others. This can only come to pass through an increasing Faith in God and man and courage in ourselves.

Time was, last year, when college life meant a mixture of study, play, much leisure and *laissez-faire*. That day is gone for the duration and post war days!

A new science is now dawning in our old world. Where can we better envision it than in our colleges? A science different from the mechanically achieving science of material inventions, which has nearly wrecked mankind through the century—"A Science of Society" Beatrice Webb calls it. It will have

to come through a "social sensitiveness" which must permeate all human relationships. Then will mankind speak and act in terms of his obligations rather than his *rights!* I know of no human laboratories or workshops in the world anywhere today, where there are finer opportunities for developing daily the true spirit of democracy, than in our Sorority and Fraternity houses on our campuses, where the weakest members can be stimulated to their best, and where we learn to live with and for each other.

So the call to the American college girl of 1942 is to stretch herself into her tallest being, in body, in mind and in spirit, remembering the older actor's advice to his young actor colleague—"Be constantly persistent, vital, and deadly earnest in your daily work." This is the spirit of '42! "Stay on the Beam."

MARIA LEONARD

CHAPTER PRIZE CODE

A prize was offered by Grand Council for the best "I Will" code sent in by a chapter, the code to be chosen by a committee of three. It was won by Iowa Z, which submitted the following:

I WILL . . .

. . . during every waking moment realize that for the here and now winning the war is all that matters; I will adjust myself willingly to any inconveniences, large or small; and I will prepare myself to do anything within my power, on the campus or elsewhere, to further the war effort, completely casting aside petty selfishness and tendencies toward mental apathy and physical laziness.

. . . strive to make every day productive of finer mental integration and scholastic achievement.

. . . openmindedly study and evaluate contemporary world problems in

order that I may intelligently participate in the post-war reconstruction of society.

. . . by exercise, diet and sleeping habits build my body into an efficient machine capable of realizing its full potentialities.

. . . cultivate an ever-broadening circle of friendships as carefully as I would tend a garden of rare exotic flowers, achieving broad tolerance and sympathetic understanding of the other fellow's point of view.

. . . spend a part of each day in quiet thought so that I may wield serenity and self-confidence as weapons in the never-ending battle against emotional anarchy and rampant cynicism.

. . . determine to make my every work and action indicate a purposefulness, clarity of thought, and beauty of soul that will serve as a credit to my sorority and a stirring challenge to all with whom I come in contact.

East College and The Boulder, De Pauw University

Presenting Indiana Epsilon

By MARIANNE REID WILD

OVER FIFTY actives and alumnae assembled in Greencastle, Indiana, August 31 to September 2 for the installation of the eighty-fourth chapter of the fraternity and the fifth to be established in Indiana.

After registration, ceremonies began for this new chapter in the room in which the third national convention of Pi Beta Phi was held in 1872 when a chapter of the Fraternity was in existence at Indiana Asbury University, as De Pauw was then known. This building is now owned by the American Legion. The chapter was withdrawn because of the small number of women entering the University—so it is that all Indiana Pi Phis rejoice to be represented again on a campus where far too many years have passed without a Pi Beta Phi chapter.

Pledging was conducted by Marianne Reid Wild, Assistant to the Grand Vice President, Monday afternoon and was followed by a cooky-shine held at the new Pi Beta Phi House. That evening Gertrude Deer Owens, Delta Province President, read the constitution to the new pledges while alumnae and actives prepared for initiation the next day.

The initiation was conducted by Amy Burnham Onken, Grand President, at Gobin Memorial Church, the campus church. She

was assisted by Mrs. Owens, Helen Anderson Lewis, Delta Province Vice President, the two official chapter representatives, Marianna Ashby, Indiana B, and Harriett Shellhorn, Indiana G, and representatives sent by the other two Indiana chapters, Martha Cook, Indiana A, and Jane Stickrod, Indiana D. Since there were thirty-three candidates for initiation the ceremonies took all day. A brief period of relaxation came during the noon hour when all enjoyed a luncheon in the church building. Those already initiated were the envy of those who had not yet received their shining new Arrows. At the end of the afternoon the Installation ceremony was held. $\Pi \Phi E$ faded into happy memory and Indiana E of Pi Beta Phi came into being.

The formal banquet Tuesday night was held in the large dining room of Mason Hall, the newest dormitory on the campus. Before being seated the assembled members sang the National Anthem. Madeline Wyr Killinger, one of the Greencastle alumnae, acted as toastmistress. The theme for the evening was The Arrow. Responses to toasts were given by Dorothy Brown, vice-president last year of $\Pi \Phi E$, speaking for the petitioning group, The Point; Charleen Seibel, the vice-president of Indiana E, speaking for

Duck, Mrs. Robert Wild, Mrs. David Brown; (third row, left to right) Mrs. Virginia Brackett Green, Miriam King, Mrs. Earl Temperly, Ruby Winders; (fourth row, left to right) Mrs. Alan Raup, Mrs. Ralph Gery, Mrs. Joseph Scott, and Mrs. Ellis B. the new chapter, The Shaft. She introduced Mary Lou Stanfield, Colorado B, who served the petitioning group as president and guided them to achievement. She spoke of her memories and then introduced Jeanne Stith, Iowa A, and presented her with the president's gavel. Jeanne spoke of her hope and aspirations for the new chapter. Gertrude Deer Owens, speaking for the Province, responded to the toast The Wings; Helen Anderson Lewis, speaking for the alumnae, The Chain; and Miss Onken speaking for the Fraternity at large, The Flight Of The Arrow. The cover for the attractive programs was designed by Reid Winsey, head of the art department at De Pauw, and husband of one of the new initiates. A great many gifts, letters, and telegrams were received. Lois Franklin Stoolman, Grand Treasurer, and Beatrice Stephenson Purdunn, Director of Central Office, were special guests at the banquet. The program was concluded with

the Loving Cup ceremony.

Wednesday morning a model chapter meeting was held in the chapter room with Miss Onken presiding. Her talk was an inspiration to new and old members alike. In the afternoon a formal reception was held in the social room of Mason Hall. During the afternoon about 300 guests were received including, faculty, students, and townspeople. The room was filled to overflowing with flowers sent by the men's and women's fraternities, and the Panhellenic Association. The chapter was assisted by the wives of the President, Dr. Clyde Wildman, the Dean of the College, Dr. Edward R. Bartlett, the Dean of Men, Dr. Louis Dirks, and the Dean of Women, Miss Helen C. Salzer, and especially by three Pi Beta Phi mothers who are chaperons in Houses on the De Pauw campus.

Greencastle alumnae who were in charge of arrangements included Betty Coulter Mor-

ris, Wisconsin A; Charlotte Tegarden Totten, Colorado A; Harriet Stegner Brooks, Indiana G; Madeline Wyer Killinger, Nebraska B; Mildred Foster Stelling, Illinois E and Margaret Lou May, Indiana B. Helen Umbreit and Hazel Winsey, the two alumnae initiated, were in charge of registration and housing.

The one disappointment of the occasion was that Eugenia Brooks Smith, Indiana G, and her husband G. Herbert Smith, National Secretary of B @ II, could not be in Greencastle to share the days' pleasures. Dr. Smith, until recently Dean of Admissions and Director of the Rector Scholarship Foundation at De Pauw, has been made President of Willamette University and he and his family had gone to Salem, Oregon, to their new home. To them the new chapter owes a debt

of gratitude for their guidance and assistance that will be difficult to repay.

The initiates were: Janice Wills Good, Linton, Ind.; Margaret Coffey, LaGrange, Ill.; Mary Kay Downs, Pana, Ill.; Flora Oberg, Duluth, Minn.; Charleen Seibel, Pekin, Ill.; Dorothy Brown, Huntington, Ind.; Lois Ann Hassell, Riverside, Ill.; Anne Paisley, Marion, Ill.; Marilynn Parrett, Princeton, Ind.; Elizabeth Seat, Washington, Ind.; Margaret Stark, Nancy Horne, and Gweyn Rudesill, Indianapolis, Ind.; Harriet Walmsley, Birmingham, Mich.; Jean Woodruff and Sue Coltrin, Oak Park, Ill.; Lois Allen, Elmhurst, Ill.; Mary Baker, Dwight, Ill.; Catherine Bateman, Effingham, Ill.; Andrea Eggston, Mt. De Pauw University, like Pi Beta Phi, was founded under a different name, Indiana Asbury University. In 1837 the Indiana General Assembly granted a charter for a university which was "forever to be conducted on the most liberal principles, accessible to all religious denominations and designed for the benefit of our citizens in general."

The history of the University is a page from the chronicle of midwestern America as Indiana evolved from a primitive, pioneer community to the commonwealth which we now know. The first class of five students met in a rented building, and from that small start a modern university has grown, progressive, but treasuring a heritage rich in the service of state and nation.

For the first thirty years of its history the University admitted only men, but in 1867—a memorable year for Pi Beta Phi as well as De Pauw—women were first enrolled and the school has been co-educational ever since. That year five women enrolled. Of them Laura Beswick was to become one of the members of that third chapter of Pi Beta Phi established in 1870. In a history of De Pauw it has this to say of Miss Beswick, when in her sophomore year she took part in an exhibition: "She carried out her part so admirably that those in attendance were fully convinced that women had proven their

right to share in the privileges of the University." The commencement of 1871 was the first in which women participated and Laura Beswick was one of two women to give Commencement addresses.

The school name was changed to De Pauw University in 1883 in honor of Washington C. De Pauw, an Indiana business man, who had endowed the college liberally. The original name survives in the Asbury College of Liberal Arts; this college and the Music School comprise the two divisions of the University.

The twenty-seven buildings on the sixty acre campus are a rich combination of the old and the new where traditions are a cherished part of campus life. Old East College is the oldest building. At one of its entrances is a large boulder where rallies are held, tapping for membership in honorary organizations takes place, and chapel dates are met. It gives its name to the college magazine "The Boulder," and to the freshman handbook "Around the Boulder." Mason Hall, girls dormitory, and Harrison Hall, science building, are the newest additions to the campus. In their newness there is embodied all that can be desired in modern design and equipment.

There are almost 1500 students at De Pauw who come to Greencastle from nearly every state in the Union, and at the moment five territories, two foreign countries, and the District of Columbia. The faculty is both interesting and interested.

Indianapolis Pi Phis at the installation of Indiana Epsilon included (left) Mrs. Virginia Brackett Green, president of the Indianapolis Alumnae Club; Mrs. Joseph P. Scott, former Delta Province vice-president; and Mrs. Robert S. Wild, assistant to the grand national vice-president.

Campus organizations run the gamut from $\Phi B K$, Mortar Board, $\Theta \Sigma \Phi$, $M \Phi E$, and National Collegiate Players to local groups interested in departmental work, swimming, and modern dance. $\Phi B K$ established its Alpha Chapter in Indiana at De Pauw, the fifth west of the Alleghenies. The Mortar Board chapter was established one year after its founding nationally, and $\Theta \Sigma \Phi$ came to Greencastle the same year. $\Sigma \Delta X$, the men's journalistic fraternity, was founded at De Pauw in 1909.

College fraternities have been a part of campus life almost from its founding. In 1845 the first group to go west of the boundaries of the Ohio River was $B \Theta \Pi$ when they established a chapter at De Pauw. Others followed until today with Beta, $\Phi \Gamma \Delta$, ΣX , $\Phi K \Psi$, $\Delta K E$, $\Phi \Delta \Theta$, $\Delta T \Delta$, ΔY , ΣN , ΔX , $\Lambda X A$, and $A T \Omega$ established in that order there are twelve men's groups on campus.

Of the women's fraternities, the Mother Chapter of $K \Lambda \Theta$ and $\Lambda X \Omega$ together with our own Indiana E and $K K \Gamma$, $\Lambda \Phi$, $A O \Pi$, $A \Gamma \Delta$, $\Delta \Delta \Delta$, and ΔZ make up the roster.

With the charm of a small college town, an interested and understanding administra-

tion and faculty, wholesome campus life, and an intelligent, friendly and cooperative student body there is every opportunity for mind culture and personal development.

Indiana E , with this background, will not long remain a baby chapter in our eyes, but will take its place with honor and assurance among the other eighty-three chapters of the Fraternity. With confidence that this new chapter will justify the faith, we present a new college home, and Indiana E to Pi Beta Phi.

THEY SERVE IN WAR TIME

Edited by GLADYS WARREN, North Dakota A

Inspiration

In a letter to the *ARROW* editor from Mercedes Baker Jorgulesco, Massachusetts A, in which she resigned her office as editor of "From Pi Phi Pens" was much that should inspire all Pi Phis in their war work; she says of her own work as air raid warden, "The war is making its inroads on our lives! We are terribly short-handed in the Air Raid Service, and this section is the largest and most difficult to head. I'm no genius, but there wasn't anyone else to be a section warden of a territory three miles long and two miles wide. I must spend at least an hour a day and sometimes as much as four hours on the executive end of it. It's a job that must be done for our lives and our

homes are at stake. I have the very poorest and the very richest (the Duponts, Duchesse de Talleyrand, etc.) to deal with, and besides the emotional strain of it all is terrific. There are many children and homes and schools and churches that have to be protected—not just in blackouts, but in a million other ways. My duty is there—no matter how hard we work and try to educate and beg to get equipment and train people to take care of themselves, we shall not be ready when the time comes. I could never forgive myself if I didn't do everything in my power to protect every man, woman, and child, and every home great and small in my territory."

WAACS

Pauline Peirce, Indiana Γ , was one of the three women from Indianapolis to be commissioned third officer in the W.A.A.C. The rank corresponds to that of second lieutenant in the army. These women were among 436 in the nation commissioned.

Pauline has been assigned to be a member

Pauline Peirce, Indiana Γ

of the faculty at Fort Des Moines, Iowa, of the officers' candidate section, to teach several subjects.

She has had an unusually fine scholastic background. After graduating from Shortridge High School in Indianapolis, she attended Butler University where she became a member of Indiana Γ of Pi Beta Phi. She received her A.B. degree in 1927. Later she did graduate work at the University of Chicago and received an M.A. degree. While in Butler University she also was made a member of Φ κ Φ , an honorary scholastic organization.

For a number of years, Pauline has taught American History in the high school at Niles, Mich.

Mary Lou Porter, Illinois B- Δ , is in officers' training at Des Moines for the WAACS, like the true child of the United States Army that she is—her father is a Colonel in the Army, for some time head of R.O.T.C. at Knox College, and now back on active duty with the Army.

Mary Lou Porter, Illinois B- Δ

Helen Lloyd-Jones, Iowa Gamma '40, is now a commissioned officer in the Women's Army Auxiliary Corps. On August 29, she and 435 other members of the first Women's Army Auxiliary Corps officer candidate class were graduated with commissions.

Helen was one of the youngest of 21 Illinois women who took the oath last July.

The only girl in her college class to be graduated in horticulture, Helen worked in Chicago after graduation with the American Medical Association.

Also in training at Des Moines is Peggy Blumer, North Dakota A.

Two additional members of WAACS are Dorothy Springer, Indiana Γ , and Eleanor Griswold, New York A.

WAVES

Lieut. (j.g.) Jenny Emsley Turnbull, D.C. A, former assistant professor of physical education at George Washington University, Washington, D.C., is in charge of drilling and physical education at the newly established naval training school for enlisted women at the University of Wisconsin.

With the opening of the WAVES naval training school, the Navy has three distinct units in training on the Wisconsin campus. The first unit provides a 16 week course for Bluejackets who will become radio operators with the fleet. The second unit is for the training of naval officers in the operation and maintenance of Diesel motors.

The WAVES school is the third unit. Enlisted women will be sent to the training school immediately after enlisting for indoctrination and training. Training will consist of a 16 week period which will prepare them to become radio operators.

Lieut. Turnbull was an instructor in health education at the Washington Y.W.C.A., and was director of physical education at Holton Arms and Sidwell Friends school in the nation's capitol. She is a graduate of George Washington and Columbia University Teachers College.

Eleanor White, Iowa Γ

Eleanor White, Iowa Γ '42, made a quick dive into the WAVES. Eight days after she received her first questionnaire, she reported for comprehensive and physical examinations, and walked out an inducted member of the Women Appointed for Volunteer Emergency Service. One of the 180 women selected from 14 midwestern states, Ellie began training at Smith College, Northampton, Mass., the first of October.

At Iowa State College, Ellie majored in Household Equipment, and after graduation she became assistant to Mary Meade, home economics editor of the *Chicago Daily Tribune*. Her participation in activities at Iowa State College gave her good preparation for smooth sailing through the WAVES. She was president of Mortar Board and Y.W.C.A., and a member of ΦΥΟ, professional home economics organization, ΟΝ, honorary home economics organization, and ΦΚΦ, honorary scholastic organization.

Barbara Hal Northen, Florida Γ, a graduate in the class of '40, is among the outstanding members of Pi Beta Phi who are contributing their services to Victory. On August 25 in Charleston, S.C., she was formally

Barbara Hal Northen, Florida Γ

inducted into the Women's Naval Reserve, U. S. Navy. She was one of eighty-five chosen in her district from which over one thousand women had applied. The WAVES officers are women with college degrees. A list of desirable subjects included majors in architecture, chemical engineering, chemistry, commerce, geology, government, economics and mathematics and other technical and mechanical subjects. From being president of the Phi society and Allied Arts' winner while in Rollins College, Barbara has been for the past two months with the Atlanta Chemical Warfare Procurement District where it was her responsibility to check outgoing correspondence to see that it conforms to Army regulations and is typographically and grammatically correct. She worked at the Atlanta Filter Center since January, which is voluntary work under the Aircraft Warning

Service. On October 6, she was midshipman enrolled as a midshipman in V-9 class at Smith College, Northampton, Mass. There she will receive four months' training, upon the successful completion of which she will be a commissioned ensign.

Pauline Gardiner, Utah A, 1941, has been selected as one of the first three girls in her territory to become a candidate for officers training in the WAVES. Pauline graduated as a speech major and for the past year has been teaching dramatics in a senior high school. Last summer she has held a responsible position in a local business firm.

Pauline held the position of treasurer in the fraternity her Junior and Senior years and played a large part in arranging the financing of the remodeling and building of the house.

In Radio

News of a radio announcer comes from a Theta, Christine Caruthers:

Dodie Quinan, Illinois E

"Believe it or not this is a success story about one of your Pi Phis sent in by a *Theta*. At present I am a house-guest in the home of Dodie Quinan, Pi Phi from Northwestern, who one month after having been graduated from Oklahoma University, where I knew her, got a position at Radio Station KCKN in Kansas City. She began as secretary to the program director, began writing her own continuity for broadcasts to women (concerning meat conservation and all the phases of rationing; vital facts of the war effort) and was so successful that she is now Kansas City's first *girl* announcer!

"Dodie was a Speech major at Northwestern and president of her pledge class. In the middle of her sophomore year she transferred to Oklahoma U. where she was most outstanding in dramatics and radio work. Dodie was a member of University Players, was Mistress of Ceremonies for several big campus shows, originated and built the winning house decorations for homecoming—and was very active in all outside activities. She was as welcome at all the other houses on campus as she was at the Pi Phi House."

MARION LITTLE, *Nova Scotia A—Dalhousie University*

Marion Little is second in command of the Red Cross Home Nursing Corps in Halifax. She organizes the First Aid and Home Nursing lectures and is a first class V. A. D. having taken her 260 hours hospital training last year. Marion also takes part in the other activities of the corps, such as helping in the port service when Hospital ships come in, and at the Blood Donors Clinic.

Marion Little has organized, apart from her Corps work, lectures in Home Nursing for the poorer parts of Halifax. She is doing wonderful work and a large percentage of the Halifax Pi Phis are taking their V. A. D. training under Marion.

DOROTHY HARDING SINCLAIR, *Ontario A—Toronto University*

Dorothy graduated from the University of Toronto in 1927 with a B.A. Degree. During college she was President of the active chapter, and after college she carried many offices in the Alumnæ; President, Head of Advisory, Rushing Chairman, etc. Her "career" on graduating was in the realm of books. Taking a librarian's course she spent

nine years in the University of Toronto Main Library.

When Canada entered the war in 1939, her husband immediately became an officer on active service with the famed Royal Regiment of Canada. Dorothy's experience on various committees was helpful for her new work in the Women's Auxiliary of the same

Dorothy Harding Sinclair, Ontario A

regiment. She was made Convenor of Balls to raise money for the requirements of the soldiers and their wives, and performed the duties of recording secretary. But her main work centered around the financial and housing problems of the soldier's wives. She gave them morale help and cheered them up when the future looked hopeless. During the week, she was "general office boy" at one of the Red Cross Warehouses in Toronto and entertained the forces at Stanley Barracks. Just to look at Dorothy is enough to cheer anybody up!

In 1942, the new recruiting officer in Toronto for the Mechanised Transport Corps was Dorothy Sinclair. This corps with its Headquarters in London, England, asked for voluntary drivers and stenographers to help out with the overwhelming work to be done in that battlefield called Britain. Dorothy remained in this office only a short while because she wished to become active in the corps overseas. She left Toronto in April to resume duties at Headquarters, 39 Graham

Terrace, London, S.W.1. Her librarian experience made her invaluable to this service and she spends long hours poring over records and applications. Like the rest of the women, she has taken the initiation and instructors' courses but she does not go into the field like her associates and drive or do stenographic work. Her work is entirely without pay but requires long hours. She does of course, march with the M. T. C. on such occasions as "Canada Day" when the Canadian forces marched to Westminster Abbey—they were highly congratulated for their precision and fine display. Dorothy's husband, Captain Graham Sinclair, has recently been reported missing after the Dieppe raid but she is standing by her post, ever hopeful of his return, courageously facing whatever comes.

KATHARINE BALL, *Ontario A—Toronto University*

Writes of her work:

"January 25 put an end to months of waiting, and I was sworn in as an Equipment Assistant in the R.C.A.F. (Women's Division). About 150 recruits entered the Manning Depot in Toronto at that date to begin their life as airwomen. Our basic training consisted of service lectures and drill, interspersed with the necessary evils of inoculations, knitting, dental examinations, and other routine matters. At the end of three weeks the Equipment Assistants went to the Trade Training School at St. Thomas for a six weeks' course, but I was among those kept at the Depot for further training as potential N.C.O.s.

"This four weeks' course proved extremely interesting and strenuous. Daily P.T. under a Danish instructor and lots of drill under an R.C.A.F. Flight Sergeant put us in fine physical condition. The drill included "voice culture," a yelling competition, and "mutual instruction," in which we took turns drilling each other. Our "word of command" developed from a hesitant squeak to a healthy roar which would bring back a squad from the far end of the parade ground. Most of the airwomen in the course had been on stations, and the discussions of methods, duties and problems were most instructive. The officer in charge of the course was a W.A.A.F. from England, and she and the O.C. of the Training Wing (another W.A.A.F.) were able to give us a great deal

of information from their experience in Great Britain.

"At the end of the course we became the proud possessors of corporal's "hooks," and took up our duties, some on stations, and some at one of the training depots. I was put in charge of a barrack room of 43 raw recruits who had just had their inoculations, and the first few days and nights were hectic. Some of them fainted and some were homesick and all asked questions from "reveille" till "lights out." They were a fine lot, however, and when I went to Camp Borden as sergeant, a few weeks later, I was glad to have my own girls among the W.D.

"One's first station is always a big thrill, and the Sergeant's job is one of the most interesting. The Senior Officer and the Sergeant go on the station a week before the airwomen to complete the arrangements, line up the duties and familiarize themselves with the personnel and work of the station. To be the only woman in the Sergeant's Mess with 120 Senior N.C.O.s is a unique experience, and contacts with these men under whom the airwomen work is most valuable.

After several weeks at Camp Borden I returned to the Training Depot for an Officers' Training Course and was posted from there to the R.C.A.F. Station at Mountain View.

Here we have a group of about a hundred airwomen working as M.T. drivers, hospital assistants, clerks accounting, telephone operators, stenographers, and many other trades. They are doing good work on the station, and have made it possible for some of the men to remuster to air crew. They thoroughly enjoy their duties and their service life and feel they are contributing to Canada's part in the British Empire Air Training Plan.

PHYLLIS THOMPSON, Ontario A—*University of Toronto*

Phyllis Thompson is one of Pi Phi's versatile sisters. During her years at college, she entered nearly every field of sports and entertainment, hockey, swimming, University College Follies, composed fraternity songs. . . . She became head supervisor of the College Toggery Shop in Toronto's leading departmental store in 1940, but heeded the country's call for help and enlisted as an airwoman 2nd Class in the Royal Canadian Air Force (Women's Division) in Toronto, Ontario, December 20, 1941. This service is

conducted on the same lines as the Royal Canadian Air Force and subjected to the same rulings.

On completion of four weeks' training as an Equipment Assistant, she was sent to a flying training school in New Brunswick along with many other airwomen of various trades. Work there as an Equipment Assistant was intensely interesting and the ar-

Phyllis Thompson, Ontario A

rival of airwomen on the station as ground crew, released many of the airmen for aircrew or for heavier work as ground crew.

After five weeks on that station, she was posted back to Toronto to take a Non-commissioned Officer's Course in Administration. March 1, 1942, Phyllis graduated as an Administrative Corporal and took up duties at the Training Depot in Toronto. Changing the new recruits from civilians to airwomen covers a four-week period in which they have lectures and strenuous drill. She remained a Corporal for only two months, whereupon she was appointed to the rank of a sergeant. On July 25, 1942, she became a Commissioned officer with the rank of Assistant Section Officer, which is equivalent to a Pilot Officer in the Air Force, or a 2nd Lieutenant in the Army.

Phyllis's future might take her to any Training School in the Dominion and with the Commonwealth Air Training centered in

Canada, she will meet airmen of many nationalities and creeds. They may send her to England. Whatever they do, Phyllis is eager and enthusiastic. She will be a success anywhere with her tremendous energy and organizing ability.

JOSEPHINE E. BOOTH, *Ontario A—University of Toronto*

Josephine E. Booth's "career" follows one line—dietetics. She spent eight and a half years as dietitian at the University Women's

Josephine E. Booth, Ontario A

Club in Toronto on completion of a Pupil Dietetic Course at St. Luke's Hospital in New York. At the same time she has held several offices in the Toronto Dietetic Association.

In December, 1941, "Jo" became dietitian at the Military Hospital at Camp Borden, Ontario, a 500 bed hospital in one of the largest military camps in Canada. There are about twelve dietitians in the Canadian Military Hospitals and Jo is the first at Camp Borden. Her rank is that of a First Lieutenant in the Royal Canadian Army Medical Corps. She took no special military training other than written examinations. She is connected with the Quartermaster's Department and wears the navy blue uniform of a Nursing Sister. Planning the menu for the hos-

pital patients and personnel, from which the daily rations are drawn, is her chief job. Jo helped put in the recently installed new equipment in the large hospital kitchen which has improved the system greatly.

With the recent arrival of women's doctors in the medical corps the field for professional women in war services is expanding and Jo is helping to forge the way in war dietetics.

ELIZABETH TREES MCLAREN, *Ontario A—University of Toronto*

Elizabeth McLaren—"Betsy"—graduated from the University of Toronto in June, 1940, with a B.A. degree. Throughout her last year of college, she was a tireless participant in Canteen work. Immediately on leaving the university she donned the uniform of the Red Cross Canadian Women's Transport Service. In this capacity, she drove staff cars and collected salvage. One part of her job was to chauffeur for the United Kingdom Technical Mission, often traveling for days with men inspecting factories.

April of this year, she enrolled in the Mechanised Transport Corps, headquarters at 39 Graham Terrace, London, S.W. 1, for overseas service and in the same month she embarked for England, once again to carry on her voluntary work. In England she has

Elizabeth Trees McLaren, Ontario A

Vida Peene, Ontario A

taken various courses, initiation courses which teach the girls the mechanisms of all types of automobiles, instructors courses that they may train recruits in elementary drills. Betsy is subjected to many jobs; the Ministry of Supply use the M. T. C., along with the Canadian Navy Department, Home Guard, Canadian Red Cross and R.A.F. Maintenance Units outside London. All over Britain, she may be met, driving heavy trucks for long hours, particularly in East London dockland. In May, 1942 she married Captain F. G. McLaren. He is an infantry officer in the 48th Highlanders of Canada.

VIDA PEENE, Ontario A—*University of Toronto*

Vida Peene has a long list of accomplishments. Connected with Pi Beta Phi, she is a past President of Alpha Province and later of Alpha Province East. For years now, she has been writing articles on Interior Decorating for the Toronto *Daily Star* newspaper under the name of Susan Proctor from the experience she gained as Associate of the Ontario College of Art.

After graduating she took two years in Household Science. Today her title is Assistant Commandant of the Food Administration Section of the Canadian Red Cross

Corps for Toronto. Under her are one hundred volunteer women workers who are trained in nutrition and emergency feeding to act in any major disaster. She organized a group of school children who chose her to help them raise money for the Bombed Victim's Fund. This work has encouraged other school children to engage in similar work due to the success of her enterprise.

Last year, she was elected chairman of the Speaker's Committee for Salvage. In this position, 10,000 women were contacted and organized for Salvage Work. 1942, she was chosen to be Chairman of the Women's Committee for Salvage. At the same time, she became convenor of War Work for the University Women's Club.

JOSEPHINE LE PAN, Ontario A—*University of Toronto*

Home Sister Josephine Le Pan, but A Home Sister is not an Alice-sit-by-the-fire. She is an officer of whom most people have rarely heard, since there are only about five such officers in Canada, and only one for each Canadian military hospital in England. But whoever is acquainted with the duties of the Home Sister, knows the great part she plays in the Royal Canadian Army Medical Corps.

On her falls the responsibility of presiding over the residence of the Nursing Sisters and

to her is due much of the efficiency and the morale of those nurses. Planning three meals a day based on army rations, for both day and night nurses, employing help, arranging entertainments for her "sisters," as well as the numerous little chores that fall to the lot of a manager of a house—these are what

Josephine Le Pan, Ontario A

make the Home Sister's position practically a twenty-four hour one.

Josephine's success can quickly be gauged by the fact that she has been sent overseas after only three months' service. She will be suited admirably for combatting the emergencies she will find in a wartime England. College, camp and business provided an excellent background. In her graduating year in 1938, Jo climaxed a succession of college executive offices by being elected President of the Women's Undergraduate Association. Since then advertising for a large departmental store, and later advertising for a publishing house have claimed her time.

Josephine joins her two brothers in carrying on the family tradition in the army, her father being a Lieutenant-Colonel in the last Great War.

WESTERN ONTARIO notes:

Barbara Morris is in Ottawa working in the office of the Wartime Prices and Trades

Board where stabilization of rent is at present the chief concern.

Mary Pattinson and Ann Macdonald, of the same class (1942) are in Toronto, using the course offered last year at the University of Western Ontario, in examining eye-pieces for telescopes and other instruments of war.

Elizabeth Dempsey, of Arts—1941, and the Ontario B delegate to the last Convention, is trying to join the WRENS and, when this reaches you, will probably have succeeded.

Mary Haymon Archer, Ontario B, who joined her husband last April, is a member of the British Women's Transport Unit and at the moment is working in a recruiting station in London, England, where she and her husband have a flat together.

Her mother adds a few interesting tidbits from Mary's letters—"After she and some friends had a reunion 'over there' one of them wrote to tell Mary's mother that her bedroom walls were decorated, not uniquely, one gathers, with shrapnel holes. But what interested most all was that, on her birthday, she was thrilled, beyond words, with a gift of—not a dozen roses or even bonbons, but eighteen precious eggs."

GLEN MORRISON SHARPE, Manitoba A, University of Manitoba

Formerly, a Pi Phi's preparation for a trip to Europe meant a fascinating shopping trip including such luxuries as a year's supply of silk stockings, but a 90 degree-in-the-shade day found Glen Morrison Sharpe investing in quantities of long woolen underwear in anticipation of a stay in England for two years or "the duration."

In answer to a call for trained personnel, Glen was one of the seven Canadian women chosen to go overseas for settlement school and child caring work. She is now in London training with the British Ministry of Health for about two months and will be posted from there to "somewhere in England."

When her husband, who is posted with a battery in the R.C.A. went overseas in October last year, Glen returned to her former position with the Department of Health and was very active in the care of British war guests in Canada and this experience will find her well equipped to help care for some of the 600,000 children in Great Britain who have been evacuated to safe areas.

A War Cry for Nurses

Will Uncle Sam's wartime quota of 55,000 new student nurses this year be met? Not unless more than 10,000 young women help to swell the total by beginning their nursing educations at mid-term.

Last year, according to the National Nursing Council for War Service, the mid-term entrants numbered some ten thousand. This year, in the face of war conditions, there should be at least 25 per cent more. Fully one-third of the number should have some college preparation, the Council believes, for America needs nurses not only to care for injured fighting men but to preserve health on the war time home front. The nation must have, also, nurses with leadership qualities to teach and supervise other

nurses, and to do pioneer thinking and planning in the tremendous public health problems faced now, and to be faced when the war is over.

Will fraternity women answer the call? Returns of a questionnaire recently sent out by *The American Journal of Nursing* to 212 nurses who had been college graduates before entering nursing are significant just now, because they show that college women who *have* answered the call in the past are remarkably happy over their choice.

Midyear classes are already being organized in many schools of nursing. Any fraternity woman, whether in college or not, who wants to learn more about opportunities for professional training is urged to write to Miss Faville at 1790 Broadway, New York.

Relatives At War

Two Pi Phi husbands were prominent in the recent landings in the islands of the South Seas—at Makin Island, the Marines were lead by Colonel Evans Fordyce Carlson, U.S.M.C., husband of Etelle Sawyer Carlson, Maine A, whose sister is Hazel Sawyer Everett, also Maine A, Alpha Province East President; in the first landing in the Solomons at Guadalcanal, one of the leaders was Colonel LeRoy P. Hunt, U.S.M.C., husband of Hazel Orr Hunt, California B. Colonel Hunt's message to his Marines before that battle was widely published—it ended "Good luck and God bless you, and to ——— with the Japs!"

Gardner Cowles, Jr., publisher of *Look* Magazine, husband of Lois Foster Cowles, Iowa Z, is doing much work in public relations for the government, and accompanied Wendell Willkie on his recent trip around the world.

Among recent selection to the grade of rear admiral in the Navy were two Pi Phi husbands—Emory Stanley, Supply Corps, husband of Eva Stanley, Nebraska B, and Ernest M. Pace, husband of Jeffries Green Pace, Virginia A.

Among selections to Commander in the Navy was Ben Scott Custer, husband of Elizabeth Hawkins Custer, California A.

Missing in the Dieppe raid:

PI PHI PERSONALITIES IN WAR TIME

Time and Life

Correspondent in London for *Time* and *Life*, Lael Tucker Laird, Kentucky A, has promised us an article which did not come in time for this issue. Here is part of her letter:

April 8, 1942

The last three years which I've spent working as a researcher and reporter for Time, Inc., have been enormously interesting. I went to work for *Fortune* in New York, then later went to the Washington office for *Time* and there married Stephen Laird, a contributing editor of *Time*. We spent some months there, then were sent as foreign correspondents for Time, Inc. around the world—literally. We left in September, 1940 for the east, arriving in Japan the day the tripartite pact was signed by Japan. We were followed everywhere there by secret police and badgered by minor officials as members of a very unpopular nation and a very unpopular profession in that country. We went on from Tokyo, across Japan, up through Korea and into Manchukuo, where we encountered an epidemic of Bubonic plague in Hsing King. We hurried on to Harbin and across the border into Russia. There we were quarantined for seven days in a Siberian village—one of the most entertaining adventures of the trip. We took the trans-Siberian across Russia to Moscow, and went on from there across Poland into Germany. We stayed in Germany for eight months as *Time's* Berlin bureau. (Steve Laird was the Bureau chief and I was the bureau.) At the end, we had a great deal of trouble getting out as they didn't like us (one official of the Propaganda Ministry said, "In the old days, when we didn't like people like you, we used to throw them out. Now we keep them here!"), they didn't like our stories or our magazines, they decided they would like to hold us for exchange purposes in case of war with America, and they were afraid we were carrying out valuable information with us which we couldn't send from Germany. The State Department finally did get us out, in time to telephone *Time* from Switzerland to say the Russian-German war was coming, and probably the next week. It came in ten days. I only mention that because it was the nearest thing to a real scoop—the reporter's dream—we had. Other people in Germany knew it, of course, but we were the only ones who got out just in time to say so.

We stayed in Switzerland long enough to do a *Fortune* article on the country (for the September, 1941 issue), and came home through unoccupied France, Spain, Portugal and clipper. At home, we worked to give our impressions of Nazi Germany and to tell the tremendous and inevitable menace to us in the United States which we felt it to be. After two months, *Time* sent us to London. This is a fine place to work—and it certainly is good to be reporting the side you're on! The damage here was very startling to us, although

we had read the reports. We had been bombed often enough in Berlin to know how much bombing it takes to cause any real damage at all when a city has any defense, and London's defenses are good. I've been doing some economic research here, all kinds of *Time* stories, and work for *Life* on such things as the King Peter story, which you mentioned, one on Paddy Finucane, the fighter pilot, the Marlborough daughters, etc. They've all been extremely interesting to work on."

Pan American Round Table

The Pan American Round Table, of which Hallie Barlow Olcott, Texas A, is the Houston Director, is an organization of 25 years' standing having been started here in Texas at San Antonio with the purpose of furthering cultural relations between the women of the Americas. Because it is not an organization having grown out of the popular Latin American movement, it has the genuine friendship of the Latin American people.

There are tables in many cities in Texas, New

Hallie Barlow Olcott, Texas A

Mexico, Oklahoma, Mexico City, Monterrey, the border towns, Caracas, Venezuela, and we are hoping to expand throughout Central and South America.

In Houston where there is a good-sized consular corps from many Central and South American countries, the Houston Pan American Round

Table feels the need of maintaining a Center. There are down town offices attractively furnished where members are "at home" to visiting Latins as well as those residing in the city. Texas has several hundred Spanish speaking students attending colleges near Houston, many of whom formerly received their education in Europe, especially in Germany. They are thousands of miles from home and lonesome, and they are planning Saturday afternoon entertainments at the Center, since nearly all of the schools are accessible to Houston. The official hostess is an attractive young Venezuelan woman who comes from the Pan American Union in Washington, and who also conducts classes in Spanish at the Center.

Mrs. Olcott writes: "Having lived in South America and speaking the Spanish language I realize the need of winning the true friendship and respect of our neighbors to the South. We are working in cooperation with Mr. Rockefeller and feel our work a vital part of the war effort. Commencing this fall, the Texas Pan American Round Tables will have time on the radio for the purpose of spreading information and interest about Central and South America—watch for the announcement of these programs."

Mrs. Olcott's only daughter, June, is a Pi Phi at Texas A now.

Mrs. Martin S. Firth (Arklay Minert), Iowa T

Nutrition Chairman

Mrs. Martin S. Firth, of Flint, Michigan, is chairman of the Genesee county nutrition committee formed in January at the request of the government to build up the health of the country.

She is well fitted for the position by virtue of being former home economist for Consumer Power Company and a graduate of Iowa State College.

The committee inaugurated its program with setting up of classes in nutrition, furnishing speakers for clubs who wished it, sponsored campaigns to use enriched bread and flour and furnish exhibits in food and vitamin charts to build up health and right eating. Mrs. Firth also is chairman of the Red Cross nutrition committee which works jointly with the county committee.

A series of 10 classes was organized in which was taught the selection of meats, fundamentals of vitamins and minerals, good buying habits and correct vegetable cookery.

The committee headed by Mrs. Firth is continuing its work with the classes and will furnish teachers for any organization interested in forming its own classes.

Meal Planner

Jean Stewart, Iowa T, ex'35, Director of Foods at Abbott Hall on the Chicago campus of Northwestern University, has the job of planning three times a day every day the meals which will help make eleven hundred men physically fit additions to Uncle Sam's fighting forces. This means providing sufficient vitamins, calories and minerals to keep in shipshape one hundred commissioned officers, six hundred midshipmen and four hundred medical and dental students who have reserve commissions in the Services. Although these men live under conditions as nearly as possible like those on shipboard, Jean gives them only garden-fresh vegetables and the finest meats, thereby building them up for concentrates and dehydrated foodstuffs which they may have to live on in active combat.

Motor Corps Captain

Olive McKay Vyse (Mrs. Arthur F., Jr.), Michigan B, '25, of the Chicago North Suburban Club, writes of her work:

I am a member of the Red Cross Motor Corps whose designation is the transportation for the Red Cross Chapter. Our work embraces every kind of motor service . . . trucking supplies and finished products, duty with the Mobile and Stationary units of the Blood Donor Service, Mobile Canteen unit, driving personnel of all departments, First Aid and Ambulance Service. The Chicago Chapter owns thirteen two-ton ambulances which we use now for production service but which are equipped and held in constant readiness for emergency service . . . disaster, sabotage, or air raids. We have also seven station wagons and several other vehicles and each member of the Corps uses her own car once each week on one of the services. The Corps now numbers 165 active members each of whom works two full days each week and is on call for special duty at any time in any area covering two and one half counties of Illinois.

Our training included: Motor Mechanics, 20 hours; Standard and Advanced First Aid, 34 hours;

Stretcher Drill, 15 hours; Military Drill, 6 hours; Laboratory and Safety Driving; Test of the Chicago Police Department, 2 hours.

We are required to be American citizens between the ages of 20 and 60, in good health, experienced drivers, able to buy uniforms and to provide a car for regular duty. Most of us will serve an average of 1000 hours a year.

Special Services Chairman

Margaret Goodwin, Wisconsin B, Beloit, 1910 is chairman of all volunteer special services in Red Cross for Beloit. This includes a variety of services such as Grey Ladies, Nurses Aid, Canteen Units, Home Service, Production, Motor Corps, and staff assistants—(office work). Her efforts have given Beloit an efficient and well organized staff of volunteer workers.

Canteen Corps

Prominent among Colorado Betas engaged in war work is Marian Held, 1942 graduate of Denver University. Since her graduation Marian has been working regular hours each week in the

Marian Held, Colorado B

American Red Cross Canteen Corps, and she now has over one hundred hours to her credit. During the last month Marian has had the honor of being appointed supervisor of the Canteen Unit for Lowry Field. Twice each week the Canteen plans a supper for upwards of one hundred men, cooks it, and delivers it to the field, where it is served. As supervisor Marian is in charge of all Canteen work at Lowry Field, largest of the Army fields in or near Denver.

Training Service

Since December 8, Marjorie Kirk, New York A, Class of 1920, has devoted practically full time as a volunteer in charge of Enrollment at the War Council Volunteer Office in Syracuse, New York. She has a staff of forty volunteers, working on regular shifts, who interview and enroll all men and women in the city who wish to give their

services in the war effort. (More than 20,000 have registered to date.) She has given a Training Course for Interviewers and is a member of the Executive Committee of Civilian Mobilization of the War Council—which plans and co-ordinates all the volunteer war service work of the city.

Miss Kirk is not a professional in personnel practices, but was graduated from Syracuse University in Sociology and has had many years' experience in social service work, in addition to owning and operating a private camp for girls for the past fifteen years. In spite of her busy days at the Volunteer Office, she is also a member of the Red Cross Motor Corps, giving several hours each week to driving, further training, emergency, first aid, etc. She is also on the Boards of the Syracuse War Chest and the Girl Scout Council.

Army in Aprons

Ruth Duncan Mendenhall (Mrs. Edgar), Indiana B, 1910, is doing one of the outstanding bits of war work in Ft. Wayne, which is the second largest city in Indiana.

Officially known as Major General Mendenhall in the military like organization, Mrs. Mendenhall heads the "Army in Aprons." As its name suggests this army is composed largely of housewives who are anxious to do their part in fighting

the war on the "home front." Included in the group are representatives of the public school lunch projects, and persons operating restaurants near key war manufacturing centers.

Approximately all income brackets of society have been represented in the classes which have graduated 10 groups so far. The work of this women's civilian army is under the auspices of the Office of Civilian Defense. Its object is to increase production with better health, to promote nutritional education and thereby build up the general health of the nation to serve throughout the emergency period and the reconstruction period to follow.

Mrs. Mendenhall has had the major responsibility of organization, planning, and execution of this program. Assisting her have been two other Pi Phis, Juanina Young Thornton (Mrs. Walter) and Patricia Harding McCollum (Mrs. A. K.).

For AWVS

In Elgin, Illinois, Ethyl Clark Bennett, Illinois Δ, is chairman of a committee which is charged with interesting and organizing girls for Nurses Aids.

Since Gary is an industrial center, most of the men and many women are now engaged in defense industries and war work. One of these is Margaret Griffith of Gary. She is an active member

*Margaret Griffith, Michigan B, and
Dorothy Wilkinson, Iowa B*

of the "American Women's Voluntary Service," and is serving in the Motor Corps which was the first unit of the A.W.V.S. to be organized in Gary. She is also a member of the Red Cross Motor Corps.

Margaret assisted Colonel Gray, director of Civilian Defense in Gary, in drilling the girls of the first group. This group was organized soon after the bombing of Pearl Harbor. They have completed their training and new groups are being organized now.

Another member of the Gary Alumnae Club who is especially active in "winning the war on the home front" is Dorothy Wilkinson, Iowa B.

She is a member of the Motor Corps division of the A.W.V.S. She has taken the necessary training which includes courses in Standard and Advanced First Aid.

Dorothy has also been conducting classes in nutrition and cooking at the Northern Indiana Public Service Co. They are in connection with the wartime nutrition program of cooking for better health and cooking more economically. Helping to build a stronger America by serving nutritious foods is certainly one of the most important ways of helping to "win the war on the home front."

Marjorie Smith Dorsey (Mrs. Lawrence), Missouri A of Gary Alumnae Club, is an active leader in war work in this community. She is on the executive board and is treasurer of the "American Women's Voluntary Service" organization in Gary.

Mrs. Dorsey has conducted a Red Cross Class in surgical dressings for the past two years. The class meets for three hours once a week.

She is also in charge of the Y.W.C.A. committee which coordinates the Y. work with war work.

Maryland A has an outstanding Pi Phi doing war work—Janet Schug. After her graduation in June 1942, she took a six weeks' course in Industrial Supervision given to 25 selected college graduates by the U. S. Office of Education at Mt. Holyoke College. Later, she returned to Baltimore for a two week training period at Bendix Radio Corporation, at Towson, Maryland, and is now working there as a tester on the night shift, along with five hundred other girls.

Captain, Red Cross Motor Corps

By DOROTHY FRYE

Portland, Maine, Pi Beta Phi want to call to the attention of the Fraternity one of their members known to her classmates of Ontario A as Mildred A. Knight (Mrs. Leslie E. Norwood). She is the Captain of the Motor Corps of the Portland chapter of the American Red Cross.

Mildred always had an interest in Social Service work, and had studied it at college. Thus she volunteered her services to the Red Cross, and became a motor corps driver. Her duties were to take clinical patients to the hospitals at least one day a week. Because of her training in Social Service she was asked to do some case work which consisted of visiting a great many families in regard to Dependency Discharges from the Army. All this was before Pearl Harbor.

Because Portland is on the coast and is surrounded by several forts the motor corps is in constant demand by the Army and Navy. So Mildred keeps very busy. She has many interesting experiences some pleasant and others arduous and disagreeable. She works so hard that, "Sometimes, I am so tired I wonder why I go on, but then, I recall some especially fine experience," is the way she herself expresses it. She spoke of this particular instance, when interviewed. "At 6:00 o'clock one Sunday morning I was called on duty at one of the forts. While I was waiting there by my motor a paper boy was passing by, and

as it was too early to buy one from a store, I asked the youngster if he had any extra ones. I tried to pay him for it, but he told me that it was free to ladies in uniforms. I nearly cried to think that a boy of his years appreciated the work we were doing."

Since war broke out Mildred has been made Captain (the highest rank that can be attained in the Motor Corps) of the Portland Branch. She

has had to arrange the program for training other girls in the motor corps work—such as first aid, map reading, stretcher drill, motor, and driving. She says in Portland alone they have trained 253 girls—and that there are twenty-two branches in Cumberland County of which she has charge. When interviewed she had just returned from an afternoon's job of giving skilled driving tests with the State Police.

Sweeping renovations have been made this year at the fraternities' own New York hotel, the Beekman Tower (Panhellenic). Owned by the members of the National Panhellenic Fraternities and operated by a Board of Directors composed of fraternity women, the hotel caters to the general public, both men and women, but gives special attention to fraternity men and women.

Pi Phi Alumnae Clubs and the War Effort

We print this, as symbolical of what Pi Phi everywhere are doing—it comes from Corpus Christi, Texas.

"Sorry I cannot report any of our club members doing outstanding war work. Our club is small, many of the girls with small children. Without exception, however, we are all doing Red Cross sewing or knitting, the majority have

taken First Aid, and 5 of our members have had the nutrition and canteen courses. And we help to keep the cookie-jar filled at the USO. Four of our number have followed their husbands to camp—but as far as I know, no one is devoting full time to war work. We all entertain boys from the Base here at dinners.

Westchester Club War Workers

Mrs. Jay E. Mason (Mabel Worrell, Indiana B '16) as chairman of the Blood Donor service

Mrs. Jay E. Mason (Mabel Worrell)
Indiana B

of the Westchester County chapter of the American Red Cross, has charge of this extremely important work for this large suburban area of the New York "center." The latter is the largest of the 18 such centers throughout the country. The nation's quota recently was raised to two-and-a-half million pints of blood for the year—compared to 900,000 pints last year—after it had gone "over the top" with 81,000 pints to spare in the last fiscal year, a feat which won the Army and Navy "E" for the Red Cross Blood Donor Service.

Collection of blood from donors in Westchester is made through a "mobile unit" under Mrs. Mason's supervision. This unit has "invaded," among other places, Maryknoll Fathers' Seminary (a convent), and it specializes in making visits to various parts of the country, where it "sets up shop" in churches, schools and country clubs which make available their facilities.

Mrs. Mason emphasized that the blood plasma collection work figures in both the domestic and the overseas phases of the war, because part of the blood banks resources are being kept in this country for use in treating home-front casualties.

Extensive experience in the teaching and practice of nutrition has fitted Mrs. Carl R. DeLong (Alice Ward, Ohio B, '14) for her position as accredited nutrition teacher under the O.C.D. and Red Cross in Larchmont, New York. A graduate in home economics at Ohio State, she taught in Andrews Institute, Willoughby, Ohio, and in the public schools and hospital of Painesville, Ohio, and was associated with the Department of Agriculture's Bureau of Markets in Washington, and the Southern Dairies in Birmingham, Alabama.

Shortly after the outbreak of war she took a "refresher" course in nutrition through the Cornell University Extension Department. She has kept mightily busy for months spreading the doctrine of intelligent nutrition through adult classes in White Plains (the County seat) and Larchmont, besides teaching classes of Campfire Girls, as a Red Cross project. Through her vice-chairmanship of the Post Lodge Canteen Unit in nearby Mamaroneck, New York, she has been able to put into practical application, for "clinical observation," the nutrition theories she teaches.

New York City Alumnae Club

Miss Warren's letter was read at the first Executive Board meeting of the year and it was interesting to find out that most of the members present were active in war work.

Helen Kammerer McKendrew, Missouri B, chairman of the Beekman Hill Unit of the American Women's Voluntary Services, organized that unit a year ago with its headquarters in the Clubrooms of New York City Panhellenic, 3

Mitchell Place. The unit now has 1,500 registrants, a station wagon equipped for emergency First Aid and a canteen trailer, a sewing shop, a thrift shop, an active motor corps and a trained canteen corps. It has placed its volunteers in all fields of war work throughout the city. During the summer months, she has worked as Chairman of Volunteer Placement at one of the eleven Civilian Defense Councils in New York City.

Sophie P. Woodman, New York B, is chairman of a Junior Unit of the A.W.V.S. at the Evander Childs High School where she is a teacher.

Carolyn Delaney, Montana A, is active in the Motor Corps of the Beekman Hill Unit.

Marion Rose Lillie, Illinois B Δ, sells War Stamps and Bonds for her local A.W.V.S. Unit. Georgine Davenport, Minnesota A, works in the Control Center in Nassau County, Long Island.

Margaret Bancroft Griffin, New York I, does volunteer work in a Long Island hospital.

Harriet Goodsell Rauch, Iowa B, is an Air Raid Warden.

The younger girls are active in the work of the College and University Women's Defense Recreation Committee which works in collaboration with the U.S.O.

This is a good cross section of the work that the club members as a whole are doing.

Massachusetts Pi Phis

One notable characteristic of Pi Phi women is their eagerness in serving others—which in this age takes the form of war work.

Many busy Massachusetts Pi Phis are spending

every available moment working for the Red Cross, Office of Civilian Defense and in other organizations which seem to have sprung up overnight since December 7, 1941.

G. Eleanor March Moody (Mrs. Gardner Stevens Moody)—Massachusetts A, A.B. 1923

Eleanor Stevens Moody has been using her legal training to aid our war effort. Neal O'Hara's Column "Take It From Me" in the *Boston Herald* sponsored a contest to choose an apt name for "World War No. 2" and Mrs. Moody won with her suggestion of "Global War."

Eileen Brown, Massachusetts A—A.B. 1933 and Dorothy Warner, Massachusetts A—A.B. 1929 and her sister, Beatrice Warner, Massachusetts A—A.B. 1937

These sisters devote several afternoons or evenings a week as volunteers in the Boston Information Center. All three young women also hold full-time positions.

Betty Welch Smith (Mrs. Lewis Holman Smith, Jr.)—Massachusetts A—1941

Betty Welch Smith is a telephone operator at the Framingham (Mass.) Report Center (model report center of the state) during alerts and blackouts. She has secured her 3rd class radio license from the office of Civilian Defense in line with the above position. She is Sergeant of the

Women's Platoon of Squadron 142-3 (Framingham) of the Civil Air Patrol as well as her duties in a full-time position in a business concern.

Laura Henderson Cummings (Mrs. Paul)—Virginia A—A.B. 1920, is the pioneer and organizer of the Canteen Service of the Red Cross located in Wellesley. These members of Pi Beta Phi are just a few examples of the war work accomplished in Massachusetts particularly and in the United States, generally.

Washington, D.C.

Service Men's Program

Just about the most popular spot in Washington, D.C., these days—the place where life is in full swing from morning to night—is the U.S.O. Club, named by the service men and girls "The Penthouse" on the roof of the Young Women's Christian Association, and sponsored by a committee headed by two Pi Phis.

Helen Harrington Compton, Ohio T, Chairman, and Charline McCause Shelton, Missouri T, Vice-Chairman, have given a great deal of time to this recreation program for the past year. They have seen it grow from one Saturday night dance to a program every day in the week, with three

Mrs. Shelton (on right) and U.S.O.-Y.W.C.A. Group, Washington, D.C.

dances on Saturday nights to which 1,000 service men and war production workers come. There is always "Open House" on Sunday, with supper served without charge, and informal entertainment during the evening—music, special features of infinite variety, and skits by "Penthouse Presents," the dramatic group.

Mrs. Compton and Mrs. Shelton say that they take no credit for the popularity and success of the program, as that should go to the very competent and attractive director, Miss Mabel Cook, and her committee of the boys and girls themselves, and the many volunteer workers who have helped. Mrs. Compton, besides carrying on this big USO-YWCA job, is on the joint committee for the Service Men's Lounge at the Union Station, is chairman of the Women's Committee in charge of War Stamps and Bonds for the District of Columbia, and is on the Budget Committee for the War Chest of Washington. Any one of these jobs would fill the average person's time, but the energetic Mrs. Compton also finds time to manage their twelve hundred acre farm on the Virginia side of the Potomac River, twenty miles from Washington. She always has her car filled with something for the Penthouse—flowers, fruit, or wood for the fireplace.

Mrs. Shelton's particular responsibility in this USO-YWCA program is seeing that the large Saturday night dances run smoothly. The Panhellenic Association of Washington, consisting of twenty-one national sororities, has, from the very first, furnished the couples who chaperon the dances. Each Saturday night one sorority sends nine couples, who are the hosts of the evening. Also, the Wellesley Club sends three couples. It is hard to say whether the chaperons or those for whom the dance is given, have the better time!

To give some idea of the numbers served, 10,000 paper cups are used regularly every week, 40 cases of ginger ale, and untold numbers of cookies. The girls must register at the YW before being admitted to the dances, and there were 6,670 registrations up to August 31, mostly newcomers to Washington. They come from every state in the Union, and from ten foreign countries. Any private or non-commissioned officer in uniform may come, until the quota is filled. Many hundreds are turned away every Saturday, but they are told of other entertainment in Washington.

Mrs. Compton and Mrs. Shelton feel gratified with the success of the program because it seems to fill the need of the boys and girls for a "home away from home." One boy spent every day of his furlough at the Penthouse. Often a boy will come to say "goodby" because he has no family to wish him well. As the soldiers, sailors, and marines are moved out of the city, they send their "buddies" to make friends at this club. A chaplain said to Mrs. Shelton, "I know that the boys like your dance because they say it isn't a 'G.I.' party." "G.I." means Government Issue, army slang to describe anything regimented. "So," says Mrs. Shelton, "Even though the numbers run up over a thousand, we try to give it as much of the home atmosphere as we can."

ago in Home Economics in '34. She is chairman of Nutrition Service for all of Athens County.

We have so many Pi Phis doing some kind of war work that it was pretty hard to sift them down to the most outstanding. Still another is a supervisor of the Mobile Canteen Unit for the city. Another has worked out forty-eight hours of Standard Office Assistance and one is a supervisor of all Red Cross work in Athens High School along with her teaching there. One is a supervisor of surgical dressings and another is the secretary of the Board of Directors of the Red Cross. Many are knitting and making surgical dressings or sewing and some are working in the Motor Corps or taking Home Nursing or First Aid courses.

Chicago South

The most outstanding phase of the work of Chicago Alumnae Club South undertaken this year is that directly related to war work—work to be done in the name of Pi Beta Phi. Each south side group voted to contact and sponsor a unit of army nurses "over seas." With the encouragement of both Miss Amy Onken and Colonel Julia Flicke (commanding officer of all army and navy nurses) we plan to send magazine subscriptions, gift packages, and letters to nursing units in Alaska, Iceland, and Newfoundland. From such initial contacts, we hope to have personal correspondence develop between Pi Phis and nurses—letters in which we learn what articles are most needed and what we can do to be truly

helpful. The more we know about the nurses, the more intelligently can we meet their needs with articles as gifts; in correspondence in which we realize that interested college women are cognizant of the wonderful work they are doing, the sacrifices they are making.

At each group meeting we plan to pack a box of gifts for a nursing unit over seas. A personal card will be enclosed with each gift. The group chairman will mail the package. We are looking forward with much interest to receiving acknowledgements—and the beginning of a correspondence of thoroughly interested people.

This work has now been taken up by all Pi Phi alumnae clubs in the vicinity of Chicago.

The possibility of Pi Beta Phi's service to a group of women who so far seem to have no one group interested in them is obvious. We are discussing the opening of women's College and University Clubs here in Chicago as headquarters for the nurses who are forced to stop between trains. Perhaps our greatest service, however, will be the force of personal interest developing between the fortunate Pi Phi here who has so much—and the army nurse so far away.

FROM PI PHI PENS

Edited by MARJORIE BRIGHT SHARPE, Texas A

HARRIET BALL, *Each Alone*, Harper and Bros., 299 pps.

Harriet Ball, in her first novel, exhibits an exceptional gift of astute character delineation. Her style, crisp and compact, portends what may be expected of her in future books.

Each Alone, from the point of view of character portrayal, is reminiscent of Mazo

Harriet Ball, Michigan A

De La Roche's close-knit and high-tensioned *Jalna*. Miss Ball reveals in astringent, natural dialogue her ability to set forth, clearly and lucidly, the actions and reactions of the people who provide her principal book interest.

The plot concerns itself with a three-generation, individualistic American family, gathered together over the week-end that France and England declared war on Germany, 1939, to celebrate the fiftieth wedding anniversary of Eugenia and Winship Victor. Winship rules his family with the "proverbial iron hand." The widely-divergent thoughts of each member of the Victor clan

provide distinct possibilities for a swiftly-paced story. The crux of the plot hinges on the arrival of Stephen, one of Winship's sons, whose brief interlude with his brother Benjie's wife, Katherine, has never been forgotten by the remainder of the family. Stephen's coming, not culminated until the book is more than half-completed, offers much suspense, and brings the already criss-crossed personalities to a breaking point. How each solves his problem, at least temporarily, forms the story's denouement.

The list of characters, necessarily large, is interestingly highlighted in Miss Ball's dramatis personae. Aunt Opal, whose life never seems to have reached fruition; Uncle Gussie, the boisterous, warm-hearted "millionaire from Texas"; and Holly, Katherine and Benjie's quick-witted, though often naive, daughter are especially well-executed.

AUTHOR HUMAN INTEREST: Harriet Ball, a new Pi Phi writer, was born in Chicago. In private life she is Mrs. Herbert F. Hale. She is a graduate of Hillsdale College where she is now an instructor in English. She attended the University of Michigan for special work in creative writing. *Each Alone* was one of six first novels selected to celebrate Harpers and Brothers' 125th anniversary.

FLORENCE PAGE JAUQUES, *Illinois H, Birds Across the Sky*, Harper and Bros., 240 pps.

Birds Across the Sky further demonstrates its author's innate love of the outdoors and keen perception of the meaning and use of words, both descriptive and narrative. In her previous books, *The Geese Fly High* and *Canoe Country*. Mrs. Jaques introduced her readers to birds and bird-life. But in this, her latest, her sincere appreciation and spontaneous love for "winged creatures" is considerably and delightfully heightened.

In her foreward she states that "this is a book for people who like birds, but even more it is for those who would like to like them."

This provides her underlying theme and purpose, and the resulting effect has more than carried out her premise. Her own in-

terest in her subject, properly encouraged and stimulated by her husband, Francis Lee Jaques, staff artist at the American Museum of Natural History, is infectious, imparting a whimsical combination of academic presentation with humor, and pathos. She highlights trips, accompanied by Mr. Jaques, whose black and white illustrations provide a heady frosting to the book itself.

Mrs. Jaques describes, with intimate reality, excursions through New York's Dutchess County and the Rhinebeck region, between Minnesota and Canada; down the Mississippi to the Gulf of Mexico; through the Gaspé Peninsula along 500 miles of the St. Lawrence; over the wooded, thatched-roofed quaintness of pre-war England; and finally to Switzerland—"our freedom to explore the wide-world came to an end. War broke over the world."

Her chapter revealing "behind the scenes" glimpses of the Museum of Natural History is particularly enlightening. She speaks often of the great and near-great in the field of ornithology. The Jaques' have traveled over almost every state in America, trailing the flights of birds of all description. Their recordings have been faithfully set down, and in "Birds in the Sky" Mrs. Jaques distills the most precious essence of their sojourns with a vivid, photographic pen.

NEWS FROM LITTLE PIGEON

Spring in the Great Smokies

A Study in Contrasts

In February, 1912, Miss Martha Hill of Nashville, Tenn., was at Sevierville. It was two-thirty in the afternoon, on a snowstormy day when, "The 'rig' came—no-top buggy, wraps, mule, boy, snowstorm. The journey of fifteen miles (to Gatlinburg) was very enjoyable, the scenery grand, and the boy bright and entertaining. The air was delightful, the mule a fine traveler, and the novel trip was over in four hours and I was sitting by a great wood fire with savory odors coming from the kitchen."

Here Miss Hill found that Gatlinburg, in the center of "wildly beautiful country" was "not a town but a community (some seven

houses) along the big road; served by rural mail carriers; has a public school house that has not been re-roofed in 30 years; school furniture home made and 20 years old. About 200 children are within school influence of this point and many needy outlying coves are accessible from it. The public school term usually begins in August and closes at Christmas, teacher's salary, \$30.00."

She rented living accommodations—a three-room house made of rough, overlapping boards, with porches front and back, outbuildings, and well. "Inside the walls, ceiling and floor are of native woods with no paint and no varnish. The only treatment it has had was a generous drenching and scrubbing with a strong solution of lye and hot

water when Miss Hill took possession."

With the aid of a nurse from Madison, Tenn., Miss Hill opened school in an abandoned Methodist church, enrolling fourteen pupils. Five months later when it closed on June 29, thirty-three pupils presented closing day exercises, with demonstrations of actual class methods and equipment, exhibits of sewing done, and most enthusiastically received of all, music from the prized portable reed organ, donated by the Washington and Baltimore Pi Beta Phis, who denied themselves a banquet on Founders' Day in order to help start the musical education of the Gatlinburg children.

1912 "CLOSES"

The following fall Miss Hill and the first Pi Beta Phi ever to teach at the School, Della W. Gillette, Illinois Zeta, taught along with the county teacher for the regular four months of public school, until on November 30, when "closes" were attended by parents who came afoot over "devious mountain trails and rocky, muddy mountain roads of so modest a nature that they were often difficult to find."

"The closes" themselves stand out in the memory of at least one of the visitors (Kate B. Miller, Iowa B) as unique. The large room, sided with boards, was dimly lighted with the lamps and lanterns which the audience had brought. A small wood stove and its stovepipe burned red in the center of the room. A profusion of holly branches heavily laden with red berries decorated the windows and the low platform stretching across the front of the room. Just off the platform, at the left, stood a small reed organ. The desks were of all ages, from new ones just placed to old, scarred ones showing intimate relations with the jack knives of boyish occupants.

"The audience itself baffles satisfying description. . . . Unlike the thousands of illiterate foreign men and women in our cities, these mountain men and women of purest English ancestry, deprived of educational opportunities, do not wear their hearts upon their sleeves or show their thoughts in their faces for the casual observer to read."

The program itself consisted primarily of speeches by visiting guests, and drills and music by the students. "Forty-five boys and girls from seven to twenty years of age marched proudly to the platform as Miss Hill played. At least they thought that they

were marching, but unison of step was too new, and too difficult for them to learn in their short training. Undisturbed by their mistakes, however, they stood swayingly happy in their places, the big ones ranged against the wall, and the littler ones ranged in steps down to the front row. And how they sang! Loudly and mechanically and in-

dependently, each one sang as seemed to him best."

"CLOSES"—1942

Years of toil and devotion have passed since then—untiring enthusiasm and love for the mountain people on the part of those who taught there, and years of hard-earned contributions from Pi Phis all over the country. Truly an age of progress has intervened between those first public appearances of the sad-faced children, and the day late last spring when the Settlement School Committee adjourned its business session to interview the poised, self-reliant boys of our Pi Beta Phi Senior High School class, who presented us with an opportunity to advertise in the program of their Senior play. And it was a Senior play well worthy of any average American community.

There was no lack of unison of step, either, when the twenty-five graduates of 1942, in cap and gown, marched down the aisle of the Baptist church for Baccalaureate,

the white-robed girls' Chorus already on the stage with the Director and the High School faculty.

Nor was there any lack of assurance at Class Day exercises, with the seniors in complete charge. The girls in dainty pastel evening dresses and the boys in dark coats and light trousers singing "Speed Thee My Arrow" were shining examples of how far the Arrow has sped these mountain children

Georgia Marrs Barber, Colorado B, Denver Club Magazine Chairman (her work was mentioned in the September ARROW).

along the path of progress, education and character-development. And Wiley Ward, Jr., valedictorian, and Dot Fox, salutatorian (one of our dormitory boys) presented addresses of real merit—proof that they had used their native intelligence to acquire a splendid educational background for future life.

Tuesday of that week was the Junior-Senior banquet at the Mountain View Hotel, with mimeographed programs whose paper lace covers held tiny clusters of pink laurel, and with Dr. Ruth Stevens, faculty member from the University of Tennessee, speaking on "This War of Today."

Friday came the grand finale—Commencement itself, with Dean Thackston of the University of Tennessee delivering the ova-

tion—twenty-five more "dividends" from our Pi Beta Phi dollars ready to meet the challenge of the rapidly changing scene around them.

THEN AND NOW—MATERIALLY

Yet the boys and girls are not the only changes to be seen. Gatlinburg has grown from its seven houses to a community, running now along a beautiful paved highway, its electric and neon signs calling upon the tourist to tarry, and to buy. Result of a newly developed national park in the Smokies, Gatlinburg has blossomed; yet the amazing fact is not that it *did* blossom, but that, because Pi Beta Phi had prepared the citizens by giving them education and developing their latent abilities, these citizens were able to meet the demands of increasing tourist trade and became, themselves, the proprietors of the new business establishments. Had Pi Beta Phi not stayed in Gatlinburg, "furriners" would have come in to establish hotels and souvenir shops, and the deserving natives, unable to cope with their progressive ideas, would have retreated farther into those Smoky Mountain depths where time seems not to move.

DIVIDENDS OF BRICK AND STONE

And the Pi Beta Phi Settlement School; has it remained as pictured in 1914 by Miss Pollard, head-resident? "Imagine twelve wriggling boys and girls, from eight to twelve years old, all sitting at one small table about the size of an ordinary kitchen table. There is not a table that has less than eight at it, and if there were a chair for me to sit on, there is no place to put it. Miss Stock at her end of the room sits on the organ stool, and during the one period of the day when I can sit down, I use the edge of the platform or the back of a bench. I happen to teach the arithmetic classes, and so I occupy the front of the room where the blackboard is. We have about thirty feet of blackboard space, and with thirty in one class, it is sometimes rather crowded. But the children do not mind it, and so far as I can see, are learning their multiplication tables almost as rapidly as though they had all the room in the world to scribble on. . . . Miss Wilson has the small children through the second grade in the old store building, which Mr. Ogle vacated the first of December. During the Christmas holidays the old school house was thoroughly repaired and made tight and

warm, and the old store was thoroughly cleaned and windows put in. In that building we have an enrollment of about thirty, making a total enrollment of one hundred."

No, indeed. Now the buildings stretch from the Health Center, near the tulip tree, up the side of the hill to where, nestled together, stand Teachers' Cottage and the Stuart and Pollard dormitories; on back to the barns in the "back lot"; then sweeping on to the right again at the level of Teachers' Cottage to the grade school building (that joy and pride of the 1914-15 faculty), the high school building and back down the hill to the road again, past the Arts and Crafts Building, where metal wear and pottery are being designed and made, to the new Arrowcraft Shop, with its inviting show-windows and its busy weavers. Yes, there are material dividends to show, also!

A CENTER OF COMMUNITY LIFE

Pi Beta Phi has, through all the years and in all its plans, kept to its original decision to make the Settlement School a community, cooperative venture. From the days when Mrs. Helmick informed the leading citizens of Gatlinburg that if Pi Phi's school stayed there, they would have to donate more than half toward a site for it, the community has felt its obligations and assisted to the utmost of its ability. From its original \$1,200 gift toward the site (Pi Phi at that time gave only \$600) the community has assumed more and more financial responsibility, Pi Beta Phi retaining always the supervision and direction. The community respects and reveres Pi Beta Phi, but it also accepts us and our School as a fostering mother or helpful big sister. The mountain weavers still prefer to meet under our friendly roof than at any other public place in the community.

To make its surgical dressing classes successful, the Red Cross requested the use of the "old loom room" at the School, and a group of women work there each day. The Scrap Metal Drive used part of the school ground as a collection point; a "Country Social" for the benefit of the Gatlinburg Library included booths, hot dogs, games and prizes, and a square dance; and once again our Gene Redding presented the weavers in their original play "Store Britches" each week.

This summer the Chamber of Commerce promoted a series of weekly Community

Sings, held on the school playground. With roaring bonfires built and supervised by forest rangers, with the smoke wafting upwards among the pines on the side of "Pi Phi Hill," with the quaint strains of the old mountain songs drifting towards you—small wonder that the tourist passing by joined the group and learned of Pi Beta Phi's helping hand extended only enough to guide, direct and encourage, bringing out the talents that would remain hidden beneath a "bushel" of ignorance and poverty were it not for their generosity.

Many tourists have expressed their congratulations and appreciation of what the Settlement School has done to our director and staff, but Marjorie Avery told the readers of the *Detroit Free Press* about it in her column, "Detroit Dairy":

PI BETA PHI SCHOOL COMES UP TO EXPECTATIONS

By MARJORIE AVERY

The bus stopped and the bus driver said . . . "There's the hotel you want and there's the Pi Beta Phi Settlement School. . . ." "Pi Phi Settlement School," I said to myself as the years rolled back to college days . . . "then I'm really in Gatlinburg. . . ." In Ann Arbor the mountains seemed so far away. . . .

All my life I've had to hear of Pi Phi's mountain school. . . . You can't be around a Pi Phi for five minutes without hearing about it. . . . We used to listen with a jealous resentment when they talked the way you do when some other group than your own tells about its good works. . . . But we all pitched in to help raise the money and we all had a healthy respect for what the sorority was doing. . . . And here I was suddenly dumped down in front of the real thing. . . .

Eighty-four and Still Weaves

Mrs. Elizabeth Peck, director, took me through the school the next morning, a morning of burning sunshine, deep shadows and haze hanging on the mountain tops. . . . So that's why they're called "the Smokies."

She told me about Aunt Lizzie Reagan, 84, who still weaves for the school—a certain striped pattern called after her "the Aunt Lizzie." She told about the weavers who had their pictures taken for *House and Garden* last spring and how unimpressed they were when the magazine was passed around. . . .

One man said when shown a gorgeous picture of his wife winding warp, an old quilt forming a background, "She do look old, don't she?" The outside world means so little to them and when I think of the mountains . . . well, who knows? Maybe they're right.

Came Back to Teach

Ben Fleming is principal. . . . A few years ago he was a student. From Pi Phi School he

went to college and then back again to teach. . . . A man from the village came home while I was there. He'd been in a nearby city making big money in a factory. He was asked why he gave up such a good job. "Ah just think ah'd rather live here," he said.

Pi Beta Phi started the Gatlinburg School in 1912, the only school in the neighborhood to bring education to the isolated mountain people. . . . The effect has been almost revolutionary. . . . Now there are 415 pupils every year . . . 25 in June's graduating class of which 12 are going to college . . . an excellent record.

The shop connected with the school employs 130 people, makes it possible for women in the mountain districts to be self-supporting. Mrs. Ethel Snow is director of the shop, Miss Gene Redding is weaving supervisor.

"We aren't trying to change the mountain people," Mrs. Peck said, "you can't do that whether you want to or not. . . . And they're a self-respecting, fine type of people. But we know they can't remain isolated much longer and our education has helped to soften the blow of sudden exposure to the world. We're making it possible for them to meet changing conditions without getting the worst of the deal."

No "Furriners" Wanted.

She cited Gatlinburg as an example. . . . It was a tiny village when Pi Phi came there. . . . Now it's a thriving tourist town, the gateway to the Smokies. All the hotels, the stores, the tourist attractions are owned and run by the mountain people. If there must be a hotel, a local man will run it. They don't welcome "furriners" in those parts.

But the interesting thing is that the school had to revive weaving . . . taught the mountain women fine craftsmanship, supervised patterns, made weaving into an industry and art from which it had fallen.

There were tomatoes ripening in the sun. . . . "It was hard to get them to accept new vegetables," Mrs. Peck said, "but they're coming around to it gradually. . . ."

And so the last of the great Individualists are being modernized.

Pi Beta Phi's task is not yet complete. Should we forget this Memorial to our Founders in the stress of our busy wartime lives, the fog which Mrs. Andy Huff, in 1914, dreamt was rolling down the mountains to envelop her children and those of her neighbors, would again roll out from the mountain fastness where it has been pushed back by the searching light of the Settlement School influence, overpowering those community leaders who would wish to keep ignorance within bounds but are handicapped by lack of funds.

Gatlinburg is a thriving tourist community when you drive through it on your vacation (and will be if gasoline rationing and the war do not prevent)—but the children from

"main street" are only a small share of the 434 now enrolled. Many come from primitive homes on rocky mountain farms where Pi Phi's Arrowcraft continues to be the main source of income. We must continue to invest if we wish to continue to receive dividends—strong, well-educated graduates, and grateful thanks from the best exponents of our American Southern Highlands crafts.

"From these homes in the Smokies, with a heritage of pioneer

Grandmothers and Grandfathers, have come these children,—

This boy, this girl—to be educated by Pi Beta Phi

In old skills, in the three R's, in ways of health, and in ways of beauty,

That they may make their contribution to a growing, changing community life."

The Boston Handicraft Show

It was early Monday morning, October 5, and Ethel Snow, Director of Arrowcraft, Edna McCarter and Mary L. Ownby, all from Gatlinburg, with Beth LeRoy, Boston member of the Settlement School Committee, arrived at the Boston Garden, to arrange the Pi Beta Phi Arrowcraft Booth at the first Handicraft Show to be held there. But circus animals, including lions and elephants, still called the Garden "home," since freight cars to take them elsewhere had been commandeered by the Army for other purposes. Rushing back at intervals all day to see the progress being made in clearing and cleaning, the Tennessee visitors managed to see some of the historical scenes of Boston.

And well it was they were able to sightsee that day, for from Tuesday morning until the following Saturday evening (or Sunday morning, to be exact) all hands were busy; Mary L. and Edna entertaining visitors by making baskets and weaving; Ethel Adams, Mildred Wildes and Emily McWade of the Boston Alumnae Club working with Ethel Snow to interest and sell all who came by; and Beth LeRoy speaking over radio stations WMEX and WEEI and exhibiting the new Settlement School film two or three times daily in conjunction with a film made by Allen Eaton showing the government's work with handicraft in the Southern Highlands.

This was a splendid opportunity to display Arrowcraft beside handicraft from all over the Americas, before the foremost handicraft authorities and buyers of the United

States. And once again Gatlinburg and Pi Beta Phi won at Boston, not only financially, but also artistically, since one noted handi-

craft authority expressed his opinion that our Arrowcraft weaving was the finest in the entire Craft Show!

Institute of World Affairs

From June 27 to August 1, thirty students representing fifteen nations met at Hillcrest School, near Salisbury, Connecticut, under the auspices of the Institute of World Affairs. The University of Manitoba sent as its delegate Helen Aikenhead, active Manitoba A, and an economics major.

The purpose of the conference was to discuss current world problems and to determine how the students, as citizens, could play a useful part in the functioning of their respective democracies. Representatives came not only from Canada and the United States, but also from such widely scattered nations

as Belgium, Brazil, Switzerland, Argentina, Great Britain, Bulgaria, Spain, and Greece. Representatives of France, China, and Holland, were weekend guests, and gave short talks about their countries.

Seminars were held on alternate mornings, when Sir Norman Angell, noted economist and writer, led the discussion of various topics of current interest. The problems dwelt on were: causes of the war; post-war reconstruction; Anglo-American relations; problems of imperialism; and public education. The last topic was one of which Sir Norman dwelt at great length. He stressed the absolute necessity of a new system of education in which the public would be

equipped with the ability to see its problems clearly and without prejudice, in order to play a more intelligent role in the functioning of the government. On the other mornings, the students themselves conducted discussions, each student in turn preparing and presenting a paper to the others.

A great deal was learned from the seminars, but it was agreed that the most profitable part of the conference lay in the informal discussions among its members. Arguments were many, especially between Americans and British, Europeans and representatives of the western hemisphere. But the students did discover that fifteen nationalities could get along together, and that their basic attitudes toward the problems discussed were the same, despite the difference in environment.

Hillcrest School is an ideal spot for thirty young people to spend a holiday. It is situated on Twin Lakes in the heart of the Berkshire hills. In the afternoons, most of the "future world leaders" could be found sunning themselves on the raft or following winding trails on horse-back. On their treasure-hunts, wiener-roasts, mountain-climbing, and picnics, they explored most of the surrounding countryside.

Thirty students in a remote school in the Berkshire hills cannot solve all the world's problems. However, each made an effort towards clarifying them in his own mind, and all the students hope to bring the knowledge which they gained this summer back to their respective colleges and universities.

This Is What I Think

OF STRIFE

Mind against mind,
And then a call to arms—
(I would there were no discord,
No frightening alarms!)

At one command
Youth strides the battle-field;
(What will come of this?
What will the morrow yield?)

Victory? Perhaps—
(I could hear no triumphant strain;
I see a weeping mother, searching,
. . . but in vain.)

OF COMPOSITION

When hands touch the keys of a piano,
There arises
Melody—

When God strikes the chords of a heart,
There answers
Poetry. . . .

INITIATED, September 14, 1942: Betty Allen, Brandon; Mary Elizabeth Wisotzkey, York, Pa.

An address by Acting-President Stephen A. Freeman, stated that each student is in college on borrowed time; there will be boards of advisers for both men and women to give counsel on college preparation for active participation in the war effort.

A physical fitness program has been initiated in which each student is required to participate. The schedule of class hours was revised in order that the afternoons should be free for athletic activities.

The Women's College presented the annual entertainment "Midd Nite" for the freshmen September 12. A clever skit was given by each of the upper classes, followed by motion pictures of college scenes and activities.

The women's forum has planned in addition to its usual activities, a program of work directly concerned with the war effort, sponsoring Red Cross knitting and sewing. The members will also work with the Red Cross chapter in Middlebury. There will be classes in first aid and automobile mechanics.

Mortar Board and the dean of women have evolved a plan of senior sponsors for the freshmen, whereby each freshman will have a senior to come to for all personal problems which may arise during the year. Fif-

teen seniors were chosen to carry out this plan, six of whom are Pi Phis.

It was announced that Pi Beta Phi was awarded the Panhellenic scholarship cup for the third consecutive time. This has never occurred before at Middlebury, so the chapter was awarded a replica of the cup.

Vermont B has a new housemother, Mrs. Rutledge, who is taking the place of the chapter's beloved housemother, Mrs. George Bell, now retired. Mrs. Rutledge was for eighteen years at Goucher College, Maryland, and the chapter feels fortunate in having her in the house.

About one half of the women of the freshman class attended freshman camp at Hochelega, of which Phyllis Savage of Vermont B was director. When the freshmen arrived on the U.V.M. campus a picnic was given in the gym cage for both the men and the women of '46 by the six honorary societies.

The whole university is very proud of President Millis who came to U.V.M. last year. Because he is behind the students in every way, they are eager to back him in any phase of his work, which was proved by the success of the Security Drive last year. President Millis has definitely put U.V.M. back on its feet and has brought something to this campus which no one else could.

Barbara Butterfield was presented with the character cup which is awarded to the senior who best exemplifies qualities of scholarship, leadership and loyalty. Patricia Crowley won the award for the most constructive sophomore of the province which is presented by the Portland Alumnae Club.

Upon returning to school this fall, sorority women found that there were to be quite a few changes in the rushing program due to the war. In spite of hindrances such as no cars, limited finances, and no favors for the rushees our chapter succeeded in getting an exceptionally fine pledge class.

Under the excellent supervision of Jean Zenner, our rushing chairman, formal rushing began September 29. Our first two parties were open houses at which the freshman women and sorority women became acquainted.

After two days of open house bids were sent out to rushees for first period. First period consisted of two teas and two informal parties.

The theme carried out in our three parties during second period rushing was a Hobo Party and Barn Dance.

The last period of rushing consisted of two informal dinner parties at which a cabaret atmosphere was carried out. To climax the dinner a large cake in the form of an arrow was brought in as the girls sang "Speed Thee My Arrow." A period of silence prevailed for forty-eight hours until pledging.

Aside from the addition of a new pledge class we have had a new recreation room built under the able direction of one of our alumnae, Mrs. Holt. New double decker beds are also replacing the old ones in every bedroom.

With all the excitement of rushing over the girls have succumbed to the routine of studying and offering their services to different phases of the war effort.

Military training has been made compulsory for the entire male student body. The women students have been enrolled in classes for Women's National Service Training as the result of the desire for a more active part in Canada's war effort. Many university residences have been taken over by the military authorities, and recruits drill on the university grounds.

Student societies and Panhellenic have decided to make social activities on the campus less formal and less expensive in nature.

Of all the Pi Beta Phi graduates of last year, one has joined the Canadian Women's Army, one is working in the Canadian Embassy in Washington, another is on the board of censorship in Ottawa, and two others are recruits in the Women's Navy.

At graduation, Betty Mortimer received a University Honor Award for outstanding contribution to the university in athletics and executive work.

Nancy Fraser was one of the seven Canadian delegates sent to the International Students Assembly in Washington. The conference was attended by student representatives of fifty-six countries, including delegates sent from Russia and Great Britain. The purpose of this was to discuss post-war reconstruction, and to make constructive recommendations for carrying it out.

The annual freshman-senior houseparty, designed to give all first year students a friendly start at college, and a taste of residence life, was held as usual. Margaret Stock was on the committee, and Frances Shields and June McBride assisted with the programme.

Zoe Christie is managing the basketball schedule, and Jessie Finlayson is one of the directors of the university college follies.

Due to the extended summer school program here at Bucknell, the regular winter session did not open until September 30. The freshmen, the largest class ever to enter Bucknell, had a week in which to become acquainted. Five II B Φ s were on the welcoming committee and assisted in getting the freshmen acclimated.

Bucknell's first football game of the season was held September 26. This was before the official opening of college, but the freshmen did a good job of cheering the team to victory.

Since rushing is deferred this year until November 30, the chapter is plunging into the college activities. Several of the college leaders are chapter members.

The faculty and student body are endeavoring to plan the school program so as to conserve energy for war work. Great stress has been laid on the necessity of regular hours and physical fitness.

The new president of the College of William and Mary, Mr. John E. Pomfret, was formally introduced to the student body at the Autumn Convocation September 25. President Pomfret was formerly dean of the Senior College of Vanderbilt University.

About twenty per cent of the faculty have left for duty in the armed forces or defense positions. As a part of the accelerated program, 221 freshman men are attending classes three days a week and working for defense the three alternate days. The Y.W.C.A. has taken charge of the war work on campus. Evelyn Cosby was elected president of this group last spring.

The fraternities are facing the possibility of losing their residential houses. Governor Darden has proposed this change to increase the spirit and unity of the student body. He also feels that social obligations are taking too much of the students' time from educational activities.

As a part of the orientation program, open house was held on September 20. The women's fraternities are anxiously anticipating rushing which has been deferred until November 16. The administration feels that this new plan will give the new students a better chance to become orientated to the college.

Open house was held in the Panhellenic House on October 18 and October 25. These parties enabled the freshmen and transfers to see the various chapter rooms and to become better acquainted with the women's fraternities as a group.

An after dinner coffee was held for the sponsors of $\Pi \beta \Phi$ and for members of the faculty.

The men's Panhellenic dance was held October 10. The women's Panhellenic dance was held the following Saturday. These were two of the eight dances that are to be given this year. Social functions and activities of this nature have been curtailed because of the war.

Kathleen Curtis and Ann Roess were both elected to $\Phi \beta \kappa$ on junior standing.

Merthel Greenwell was elected to be one of the three co-ed cheer leaders.

Indiana B got a vigorous start in this new school year with a redecorated house, a new house mother, Mrs. McKee, and a new graduate assistant, Mary Elizabeth Ryan. These new chaperons were introduced to the faculty at a tea October 11.

Last March Barbara Johnson was elected Junior Prom Queen, and she reigned over the Junior Prom for which Tommy Dorsey and his band played. The chapter entered the University Sing which was held in April. In the same month a farewell razz banquet was held for the graduating seniors. At this banquet the following awards were given: scholarship arrow to Marianna Ashby; activities arrow to Barbara Johnson; scholarship cup for freshmen to Shirley Enders.

Jean McKee has been elected president of Oceanides; June Brown has been elected vice-president of $\Theta A \Phi$; Jean McKee, Josephine Sears and Marianna Ashby have been elected to the W.A.A. Board. Betty Jane Mowry and Marianna Ashby have been chosen to be the leaders in the Fraternity discussions suggested by Miss Onken and Miss Leonard.

One of the first activities of Indiana University this semester was a bond rally featuring Chester Morris and Gene Tierney. The Pi Phi Trio, consisting of Barbara Johnson, Marjorie Vale, and June Brown, were a part of the program. The trio also sang at French Lick for a doctors' convention.

The social activities of this chapter with other fraternities have consisted of an exchange dinner with the $X \Omega$'s, $K \Sigma$'s, ΣX 's, pig roast with the $\Phi \Delta \Theta$'s, and a picnic with the $\Sigma A E$'s. In the spring we had a picnic for out of town rushers and a radio dance instead of the usual formal spring dance. September 15 the new pledges were honored with a formal pledge dinner and a cooky-shine. The pledges entertained the pledges of all the other fraternities on campus at an afternoon party September 5.

Rush this fall was under Purdue's new deferred rush system. Girls cannot go through rush until their second semester and must have a certain scholastic index.

MISSOURI ALPHA—UNIVERSITY OF MISSOURI

Chartered, 1899

Pledge Day, September 24, 1942

Rush week was changed to a certain extent this year due to new rules being put into effect. The primary

difference was that every rushee went to all sorority houses the first day rather than just those with which she had dates.

Since classes did not begin until September 28, activities have yet to get well underway. The War Board is already functioning, however, in its capacity of sponsoring student defense measures at the university. Changes in the university faculty as well as curriculum have been many. Saturday classes are, for the first time, required

of all students no matter in which school they are enrolled. The maximum number of hours that can be taken is now eighteen rather than sixteen which is due to an eighteen week semester replacing the sixteen week semester. The journalism school is now headed by Dean F. L. Mott, formerly of the University of Iowa, whose wife and daughter are both members of $\Pi \beta \Phi$.

Although the total civilian enrollment of the university has been cut decidedly the 1000 men of the United States Navy now stationed here in engine school more than make up the difference and add a more militant atmosphere to the campus.

Honors won by Missouri since the last chapter letter are $\Phi \beta \kappa$, Peggy Carpenter, and Mortar Board, Lena Louise Dickinson. The chapter also placed second in the intramural sports competition this past year.

PLEGDED: Katherine Berry, Joy Howard, Tulsa, Okla.; Emilie Jane Chick, Betty Lu Erickson, Kathleen Grimes, Betty Jane Johnson, Mary Allene Slatery, Allene Snyder, Helen Underwood, Mildred Webb, Marjorie Helen Woolley, Marilyn Bleakley, Kansas City; Virginia Jacobs, Frances Talbert, Patricia Talbert, Columbia; Dorothy Connor, Clayton; Mary Hord Cook, Margaret Leonard, Jefferson City; Betty June Edmiston, East St. Louis, Ill.; Dorothy Henderson, Beverly Dehoney, Webster Groves; Frances Henri Johnson, Crowley, Tex.; Martha Moses, Sally Porter, Joplin; Jean Parry, St. Louis; Jeanne Rogers, Independence; Jane Scovern, Carrollton.

All of the summer rushing at Washington University was done in the sorority rooms this year. Missouri B's newly decorated fuchsia and blue room was outstanding and unusual.

Jane Shurig took the lead in the production of "The Wind and the Rain."

The monthly magazine and the yearbook have been discontinued also, forcing journalists to confine themselves to the weekly newspaper, *Student Life*. Ann Purnell is feature editor, and Patty Dunbar works as society editor. Many of the freshmen are starting to work on this publication as reporters.

Mary Liz Banks and Marjorie Gravely received sophomore honors for averages above 2.6.

PLEGDED: Nell Anderson, Joyce Altvater, Jean Armstrongs, Carolyn Balph, Jean Cannon, Betty Cavanaugh, Patsy Denniston, Ann Hardy, Betty Knoke, Constance Kretzer, Marian Meyer, Mary Jane Pruett, Rose Whitler, Barbara Williamson.

Pledge Day, September 20, 1942

INITIATED, October 3, 1942: Dorothy Dillard and Rosemary Spafford, of Springfield.

There were no formal spring rush parties because of limitations put upon the women's fraternities by the Panhellenic organization. Only informal rushing, such as luncheon at the rooms, coke dates, and bridge foursomes were allowed.

The only large party during fall rush season was the Π Beta Phi Cruise or progressive party. The theme of the party was a victory cruise, with each of the six houses representing a country. Before leaving the chapter rooms the rushees were given sailor hats and mints. hors d'oeuvres were served at France; pineapple salad at Hawaii, and the rushees were given fresh flower leis; a Chinese garden with hanging lanterns was the spot for serving chop-suey; Eskimo pies were served in Alaska, a dining room covered entirely with white paper, fans blowing cool breezes, small wax penguin candles, and dry ice steaming in bowls of water; then to Cuba for coffee. After coffee the rushees and actives adjourned to a cabin for a house party. The rest of the evening was spent playing charades and singing fraternity songs. Breakfast was served the next morning and each rushee was given a war saving stamp book with one stamp in it. Virginia Wilson and Ann Adams were in charge of the breakfast.

After college opened and a week of rushing was nearly over, a formal banquet was given in honor of the rushees on September 18, at the Town House. In front of each place were small golden arrows, carved from wood, with white candles burning brightly down the shaft of each arrow, significant of the pearls of the pin. After dinner, the group adjourned to the chapter apartment to sing fraternity songs, and coffee was served. Marion Bisset, Joan Prater, Martha Gilbert, and Amy Jean Thompson were alumnae guests. Later the group serenaded the men's dormitory and the fraternity houses, and were given flowers by the Kappa Alpha and Lambda Chi Alpha men.

The annual alumnae banquet was given in the home of Marion Bisset, in honor of the rushees, on September 25. Each rushee was presented with a rose and an invitation to formal pledging by Annabelle Heard as she sang the Symphony.

Formal pledging was September 26. After pledging there was a cooky-shine for the new pledges in the chapter rooms.

ILLINOIS BETA-DELTA—KNOX COLLEGE

Chartered, 1930

Pledge Day, September 27, 1942

Knox College began the school year with an enrollment only slightly below normal and maintaining its usual sixty-fourth ratio of men and women. New professors include Benezet of the psychology department, Kenneth Goode, chemistry, and Murray Baylor in the music department. Daily class meetings in each course, and compulsory attendance at classes and chapel are new rules of the day.

Illinois B-D climaxed the year 1941-42 with the election of freshmen Mary Frances Anning, Jean Brengle, and Alice Dorick, to Freshman-Sophomore Commission, and the choice of three juniors for Mortar Board: Jane Ann Vernon, elected president, Joan Hinchliff, editor, and Mary Onken, treasurer. Spring production of the Knox Theatre was "The Skin Game," in which Jean Porter played a leading role.

No corsages and no programs will be the order of the day at the various college social functions throughout the

year. The chapter is planning to invest the money so saved in war bonds.

In October, the Homecoming parade featured the Knox R.O.T.C. and the band, instead of floats. A performance of *Kampus Kapers*, all-student musical-comedy production, was staged with Sally Berk, Barbara Williams, and Jo Ann and Joyce Bower in leading roles.

ILLINOIS EPSILON—NORTHWESTERN UNIVERSITY

Chartered, May 26, 1894

Pledge Day, September 22, 1942

Rushing began at Northwestern this year on September 14, with each sorority holding Open House for the five hundred and sixty girls who had decided to affiliate. This was a larger number than last year's five hundred and called for more ingenuity in entertaining. Since elaborate refreshments were frowned upon by Panhellenic, the girls served only coca-cola, and simplicity was the keynote in everything done.

Eleanor LaBonté, Rushing Chairman, wrote and directed some clever skits which the pledges say made them strong for Pi Phi; if the thirty pledges are any indication, the four informal and three formal rushing parties were a real success.

Each pledge's sponsor is to take it upon herself to find out the pledge's own abilities so that she might be best guided toward an active college career, both in activities and scholastically.

The sale of war bonds and stamps is an active part of sorority life this year. The sororities individually have purchased bonds, and their members are all joining in the efforts to sell, and in the support of anything which will strengthen National Defense. Prizes for campus honors will be plaques rather than cups this year.

The first party, given in honor of the pledges, was a Halloween party.

NORTH DAKOTA ALPHA—UNIVERSITY OF NORTH DAKOTA

Chartered, 1921

Pledge Day, October 4, 1942

The first open house was held with the Θ X's. An open house is an old custom at the University which allows the new freshman to become acquainted with the other Greek groups. It is held on Wednesday evenings and enables one to dance or play cards at the house to which they are invited.

North Dakota is preparing for its first wartime Homecoming. There will be no Queen and no floats or house decorations.

Last spring members elected were: Eleanor Ginter, president of Φ X Θ honorary commerce fraternity for women; Ann Howell, president of Penates, home eco-

nomics group; Verna Radke, president of Matrix, honorary journalism fraternity for women; Murlyn Rodger, president of Δ Φ Δ , honorary art fraternity. Doratha DuBois was elected recording secretary of Y.W.C.A. and Murlyn Rodger Big Sister chairman of the same group. Other Y.W.C.A. senior cabinet members are Joan Cunningham, Ann Howell and Verna Radke.

Newly chosen members of Y.W.C.A. junior cabinet are Jean Cronquist, Mae Lorraine Chandler, and Gertrude Wells.

Because of the war all of the women's fraternities on the campus gave up their traditional spring formals last year and all cooperated in working on one large combined Panhellenic formal party. It was such a success that it is believed the same idea will be followed this spring again.

Every spring Matrix, honorary journalism group, holds its traditional Shadow Ball to which are invited the 100 most representative coeds on the campus and their dates. Twenty Pi Beta Phi received invitations to the ball.

PLEGDED: Eleanor Rita Bonner, Jane Brynjolfson, Claire Croner, Gertrude Harvey, Lois Hallen, Mildred Hildremyr, Shirley Hubbard, Audrey Cave, Dorothy Jane Davies, Marilyn Tompkins, Pat Murray, Dorothy Nell Sakerissen, Jean Stephenson, Mina Tennison, LaRayne Wood.

When the eight girls moved into the Pi Beta Phi house, they found it newly painted and with a new furnace and fire escape. Another new feature is the brick fireplace which the chapter members are building in the backyard for use for picnics and steak fries.

Rushing started with a Chinese theme at a Chinese dinner at which real Chinese food was served. A formal tea, an informal dinner with seagoing atmosphere, and a formal bidding dinner completed rush week activities. A dinner was held in honor of the nine new pledges.

The chapter tied with Δ Δ Δ for the highest grade average. Virginia Traugher is editor of the *Decaturian*. Mildred Rectin is vice-president of Σ Λ Γ and Jeanne Hanson is president of Π κ Δ , newly installed debate fraternity on campus. Betty Ann Bailey is vice-president of the student council.

The annual pledge tea dance was held on October 5 in the chapter house. Social activities also included a house dance in honor of the new initiates on October 3, and the annual exchange parties with other fraternities was started by a party with the Δ Σ Φ group.

Homecoming was October 17. Because of the war the usual elaborate plans for a parade and decorations had to be curtailed. There was an alumnae dinner after the homecoming game.

INITIATED, October 1, 1942: Zuria Skinner.

Iowa Wesleyan opened its second century with freshman week beginning September 7. There is an unusually large freshman class this year, a share of which has already enrolled in some branch of the Armed Forces.

Rush week was the third week of school. For the informal affair Iowa A entertained the rushees with a hayrack ride in the country and a wiener roast afterwards. Meda Hauenstein is secretary and treasurer of international relations, and Daloris Nihart vice-president of student council. Pledge Day, September 16, 1942

INITIATED, October 18, 1942: Jean Wickless, Weldon, Iowa; Ruth Pemble, Indianola, Iowa.

Changes from the war have been noticed on the campus this year. For the first time for many years there is a larger enrollment of boys than girls. We decided not to have any house decorations or floats for homecoming because of the war effort and because we wanted to put our time and money into the opening of the new Student Union. This was opened formally October 24, the morning of homecoming. The Campus Theatre presented *Out of the Frying Pan* as the homecoming play. Jeannie Hester and Phyllis Miller acted in the play. Marilyn George was stage manager and assistant director. Frances Heerema and Jean Wickless were crew heads. Many other Pi Phis served as crew members.

Classes were organized early. Ruth Pemble was elected as one of the Sophomore officers. Nominated for *Who's Who* were Jeannie Hester and Frances Heerema.

Lois Gwen Dimick, Dorothy Lueck, Mary Mears, Mary Knodle, Margaret Hughes, and Mamie Nell Hoffman were newly elected members of the Pep Club in addition to the six old members.

Ruth Pemble and Rosalee Cooley were chosen as cheer leaders.

All of the sororities are banding together and sponsoring a Panhellenic Formal on November 14 instead of having separate winter formals. Interfraternity Council plans to do the same thing sometime during the winter months. Iowa B is having a "Prison Prance" on November 7. This year the big all-university parties are to be eliminated and in their places will be held inexpensive informal dances. In this way the money usually spent on big name orchestras and on flowers can be put into war stamps and bonds.

September 20 Iowa Zeta held its annual formal open house. All university men were invited to meet the pledges.

A Hallows'en party was held October 10 at the house. This party was arranged by the actives in honor of the pledges.

For the second consecutive year Iowa Zeta won the scholarship cup given to the women's organization attaining the highest scholastic average the preceding year. The

Iowa Z average last year was 2.70.

Homecoming was October 10. There was great rivalry between the organized houses for instead of the usual elaborate decorations, scrap metal was collected by each fraternity and sorority. The houses out of the two groups collecting the most received the usual cups. During the homecoming game Janet Hemphill was crowned pep queen.

Chartered, October 5, 1884

Pledge Day, September 19, 1942

INITIATED, September 11, 1942: Jeanne Hamer, Denver.

This year rush-week activities were cut immensely, and an attempt was made to keep expenses as low as possible. The quota system again limited the number of pledges which Colorado A could take. $\Pi \beta \Phi$ held a buffet supper and tea dance as a climax to the pledge day activities. All fraternities were invited to come to this open house and meet the new pledges. That night the chapter also gave a cooky-shine. The following morning the pledge breakfast was held in the mountains.

Janet Carrington, Catherine Preston, and Georgene Iles, a transfer from Illinois E, were elected to $\Phi \beta \kappa$ last May. Mortar Board elected Betty Ann Greim. Hesperia, junior honorary society, pledged Barbara Owen, and she was elected president of the group. Spurs, sophomore honorary society, pledged Eileen McCauley, Pat Sampson, Mary Lou Johnston, Kay Reed, Charline Millikan, Pat Ducey, June Hylan, and Helen Reynolds. Mary Lou Johnston is the president and Kay Reed is the treasurer of this group. Helen Alford was elected secretary of the student executive board of the school of business.

The chapter is aiming again to place first in campus

scholarship. Colorado A has held this honor for three successive years, and the members are all working toward that goal again. The fraternity is also enthusiastic about participation in intramural sports, and the chapter swimming team is now hard at work preparing for the meet.

Colorado A plans to entertain a group of the Japanese language students, who are studying on the campus, at a steak fry and tea dance to be held at the chapter house.

The initiates entertained the new pledges with an informal dance, October 3, in the Student Union ballroom. A buffet supper was served in the chapter house after the dance.

For the first time in fourteen years, freshmen will not be allowed to choose a freshman queen. This is one of the many efforts made to direct all college time, energy, and money to the war effort.

Arkansas A is happy to have Mary Hercus, Hot Springs, as a transfer from Louisiana A.

Chartered, 1916

Pledge Day, September 20, 1942

The chapter as a whole has decided to take over some worth while war time project, and there have been many discussions on the matter, but nothing decided as yet. Women's Panhellenic is also discussing projects for all of the women's fraternities together to undertake.

Recently completed is the Joe Perkins Gymnasium. This building was donated to the university by Mr. and Mrs. Joe J. Perkins of Wichita Falls, Tex., and is known to be the last college building completed in the United States until after the war. Most of the Greek organizations are hoping to give their dances there this fall, in order to cut the expenses of last year's formals at country clubs and hotels. A student band, the Varsiteers, has also been organized to play for most of the dances this year and four students will furnish the vocals. Peggy Wyatt, recently repledged, is a member of this quartet.

Lorie Neale serves as president of Panhellenic and was elected to Mortar Board and also Square, composed of the four outstanding senior women on the campus. Elsie Stumberg will serve as president of Women's Self Governing Board, and Mary Lou Hermann as secretary of the Mustang Sports Association. Chartered, 1891

Pledge Day, October 13, 1942

Rush Week opened September 29, and then followed six days of extensive party-giving, an attempt to make up for the lack of summer rushing which is prohibited by Newcomb Panhellenic. The old Alma Mater seems the same except for a few minor changes, new additions to the faculty staff and improvements to the surrounding buildings and grounds.

Around the corner, Tulane, "big brother" university, has a naval unit which is the fourth largest in the nation. Naturally it received an unusually large number of applications due to the war.

CAROLINE WILLIAMSON

LAMBDA PROVINCE

ALBERTA ALPHA—UNIVERSITY OF ALBERTA

Chartered, September, 1931

The beginning of the university year saw Pi Beta Phi still as active as before in spite of the war. Army training this year has been made compulsory with each girl required to put in sixty hours during the year in either first aid work, or marching, or knitting and sewing for the war.

However, we haven't lost any of our pre-war gaiety. Beth Kerr is president of the Wauneta Women's Society, a society to which every woman student belongs.

Two of the four women cheer leaders are Pi Phi's,

namely Betty McCaffrey, and Betty Wilson.

Kent Hutchison is the women's editor of the *Gateway*, the college paper, and Sheila Toshak is in charge of tennis for the campus.

Summer rushing for Alberta A was quite gay. We had our annual "tea" to begin with, but because of the tea ration, the "tea" consisted of lemon juice, honey, cold water, and a few ice-cubes, but when mixed together proved to be quite a success.

Then there was the swimming party, and the circus party. Isabel Tollman, an alumna from Syracuse, made her home into a circus mid-way and we all enjoyed hot-dogs, side-shows, and later dancing.

The Calgary actives held a Chinese party with chop-

sticks, incense, and mandarin coats.

The final function before the rush of Varsity registration, was an International party. The home of Betty Wilson was our "world," with the living room being "America." In America, each rushee had her passport examined and approved after being "photographed." Then she travelled across the "ocean" to the allied country which she had been told to visit. Here she was welcomed by a "native" of her country, and was bade sit down and feast of her country's particular food. Everyone had a very exciting time, and later we danced. As this letter is sent, we have not yet had the results of the rushing, as bidding has not yet been completed.

Practice for the annual spring songfest, with original arrangements by chapter song leader Glenna Williams, was climaxed with the thrill of being chosen for the finals held in the university outdoor theatre.

A.S.U.W. elections on the campus were particularly active last spring and Pi Phi was ably represented with the election of Betty Batchelder for secretary of the sophomore class.

Charlotte Ann Thompson and Jane Criddle became members of Mortar Board. Totem Club, activities honorary, chose Jane Criddle, Peggy Milne, and Charlotte Ann Thompson. Betty Batchelder became a member of W. Key, freshman girls' honorary.

The spring ski carnival and the baseball season were the outstanding sport events last spring. Patty McLeod was chosen queen of the baseball team and Virginia Bird spent a memorable week-end as one of the ski princesses.

A climax to the school year was the spring formal held in this chapter's new house.

WASHINGTON BETA—WASHINGTON STATE COLLEGE

Chartered, July 1912

Pledge Day, September 21, 1942

Washington State College, like many other co-educational universities and colleges, has offered a military course to upperclass girls. Only a small number were chosen the first semester to be trained as officers at a later date. They are the WSC's—Women's Service Corps. Lola Johnson, Carol Gleason, Virginia Cunningham, Zelva Moerer, Charlotte Kane, Doris Haight, and Betty Wilson were the ones accepted from Washington B.

Many alumnae returned for homecoming this year. Actives and pledges served tea in the chapter house after the football game. Seventy-two tons of scrap iron were gathered by the students the night before at the pep rally. The chapter, after working hard, gathered two large truck loads to add to the contribution.

Mrs. Stewart Tuft, province president, visited the house October 15 through 17. A sponsors and presidents dinner was given in her honor.

Lola Johnson and Lois Ross were tapped last spring for Mortar Board. Irma Kokko was asked to sponsor one of the R.O.T.C. companies. Marilyn Seitz received the appointment of managing editor for the *Cbinook*, college yearbook. Many other division editor positions were given to the girls of the chapter.

Chartered, 1915

Pledge Day, September 22, 1942

INITIATED, April 4, 1942: Julia Glasby, Huntington; Betty Isaak, Boise, Idaho; Leone Spaulding, Salem.

Nancy Riesch was chosen Mortar Board and elected treasurer of the student-body. Mary Louise Vincent was also chosen by Mortar Board, and was elected vice-president of the group and of heads of houses. June Johnson and Hope Hughes were chosen by Φ B K.Mary Jane Terry, Rhoda Harkson, and Nancy Ames were all named as members of Φ Θ T, junior women's honorary. Peggy Wright, Barbara Garwood, and Marian Schaefer, pledge, were chosen for Kwama, honorary for freshman women. Also during spring term, Verlie Myers was chosen as Little Admiral at the annual frosh glee, and Frances Cox was chosen as one of the junior-weekend princesses.

Rush-week presented many new problems on the Oregon campus with a shortage of house-boys, cooks, and house-mothers. The preferential bidding system, tried for the first time this year, proved to be very sound. The year ahead will not be a normal college year, for each student has been asked to gear his studies and time to the war effort.

OREGON BETA—OREGON STATE COLLEGE

Chartered, 1917

Pledge Day, September 19, 1942

Jeanette Johnson, Marshfield; Larry Wright, Portland.

Oregon State students returned to school to find almost a fifteen per cent increase in student enrollment, in contrast to the expected decrease because of the war. The busy fall term social schedule bears proof that college life will still be as full of good times as ever before, although everyone is uniting to cut down expenses, and every student realizes the importance of making the most of his educational opportunities.

As president of Mortar Board, Wanda Turner has played a major part in the orientation of freshmen and new students. Wanda has also been named editor of the student directory.

Several members were elected to membership in honor societies last spring: Wanda Turner and Nell Keeney to Mortar Board, Susan Sturm to A A A, and Joan Brewster to Φ X Θ .

"Serenade in Blue" will be the theme of the Pi Beta Phi formal pledge dance. The girls are making both programs and decorations, and a nickelodeon will save the expense of an orchestra.

PLEDGED: Virginia Andrews, Jeanne Butler, Ruth Anne Clark, Helen Jean Dyer, Katharine Graham, Dorothy Gross, Margaret Heinemann, Janice Jackson, Joyce Johnson, Janice Oetinger, Sue Smith, Portland; Dorothy Angerman, Freewater; Betty Behoteguy, Phoenix, Ariz.; Betty Brainard, Payette, Idaho; Edith Brown, Betsy Goode, Kathleen McMillan, Nancy Teutsch, Corvallis; Betty Burdon, Oswego; Helen Harstad, Milton; Dorothy Jessup, Woodland, Calif.; Helen Proebstel, Pendleton; Bette Schuttpeiz, Marshfield; Bette Young, Lake Grove.
JOAN BREWSTER

MU PROVINCE

CALIFORNIA ALPHA—STANFORD UNIVERSITY

Chartered, 1893

The activities of every student entering the fall quarter at Stanford University have increased considerably. The university's president, Ray Lyman Wilbur has urged all students to carry 18 instead of the usual 15 units every quarter. His aim is to have each student complete his education as quickly as possible so that he may be more valuable to society in the war effort.

The extracurricular activities among all the students are connected with the war effort as well. Saturdays and Sundays are devoted to crop picking. At present the students are helping pick the tomato crops near San Jose. Later they will help with the walnut and bean crops.

This chapter has its finger in the stamp drive. Barbara Templeton is representing the house in this project. Harriet Driscoll, junior member on A.S.S.U. ex-committee has presented a new plan for selling stamps to the women's dean and to the university's president. This Minute Maid plan was started in Boise, Idaho, and was so successful that it has spread to many of the largest cities already.

The chapter house was reinforced this summer so that it would better stand the shock of bombs. Blackout and air raid precautions have been made more complete, and provisions to put out incendiary bombs are on every floor in the house. The girls have already had instructions and practice in using these implements.

The northern mother's club has been working since last spring to collect everything from clothing to perfume bottles for their rummage sale which is scheduled for the end of the month of October. The proceeds from this sale will be given to California A.

NAN WHEDON

CALIFORNIA BETA—UNIVERSITY OF CALIFORNIA

Chartered, 1900

Pledge Day, October 24, 1942

Many changes have been made at the University of California as a result of the war, the most important being the addition of the third semester which was divided into three parts. By attendance at two of the

three sections, it was possible for students to obtain a full semester's work. About twelve Pi Phis took advantage of this opportunity. Many other members came to school for the third part only, which began in August.

From May until October 10 the chapter house was not open officially, but was used as a boarding house for Pi Phis. This was made necessary due to the summer semester.

A new activity has been added, the students' war council, which arranges for campus groups to entertain at the various military camps. The Little Theatre and similar organizations have taken part in this. Also, the sale of Defense Stamps and Bonds has been sponsored by this group; sales are held on campus once a week.

The chapter president is the recreation chairman for the East Bay Unit of the A.W.V.S.; thus many of the members have been going to the dances and parties for the men in the service.

CALIFORNIA GAMMA—UNIVERSITY OF SOUTHERN CALIFORNIA

Chartered, 1917

Pledge Day, September 18, 1942

INITIATED, October 2, 1942: Joan Akin, Kay Armstrong, Elizabeth Hofert, Willa Young, Los Angeles; Rosemary Bryant, San Marino; Patty Lou Lynds, Beverly Hills.

Annual homecoming festivities were cancelled and in their place was an All University Variety Show sponsored by the Y.W.C.A. The script was entirely written by the students.

The war has not affected the enrollment at the university this semester. All of the students are working very hard in the war effort. This year the student leaders are doing much to promote the sale of war bonds and stamps. A queen is to be chosen from the fraternity that sells the most bonds.

In order to help the freshmen become better acquainted with the campus and campus traditions, student officers have organized a group to act as advisors to the students.

Many soldiers have been stationed near the campus, and a U.S.O. center has been organized. The dances are well planned and well chaperoned. Each fraternity is called upon to act as hostesses once a month.

The scholarship of California Γ improved a great deal last semester. The house average was 1.65, a B— average.

Rushing rules were greatly revised this year. Formal rush week was before school had begun.

PLEGGED: Barbara Dickason, Pat Glenn, Martha Laughran, Lillis Van Fleet, Louise Widdecomb, Los Angeles; Rose Marie Trecano, Barbara Connelly, Long Beach; Mary Jane Thompson, Beverly Hills; Phyllis Overton, Glendale; Pricilla Brooks, Alhambra; Sally Callahan, Pasadena; Doreen Howes, San Marina.

REPLEGGED: Betty Newcomb, Santa Monica; Carol Walker, Los Angeles.

PEGGY SHAY

CALIFORNIA DELTA—UNIVERSITY OF CALIFORNIA AT LOS ANGELES

Chartered, September 8, 1927

The students of U.C.L.A. enjoyed a four months vacation instead of the usual three due to the two summer sessions held to allow the boys to complete their education before entering the service. This change puts the Berkeley and Los Angeles campuses on the same schedule. Although the war has modified some activities it has added many new interests.

Summer rushing has gone on as usual with a variety of interesting parties including barbecues, swims, luncheons, and dinners. Formal rush week began October 3 with a tea.

The chapter redecored the living room during the summer months. The "town girls" room was done over by the Mothers' Club last semester.

The biannual fathers' dinner was a huge success. It is an event that both the fathers and daughters look forward to with great pleasure.

A large number of the girls are busy with war activities such as the Red Cross and canteen work.

Doreen Demand is vice-president of the junior class. Barbara Brown, Betty Jean Wertz have been chosen for Tic Toc, a social organization for outstanding fraternity women. Phyllis Chandler was elected to Guidon, the women's auxiliary to Scabbard and Blade. Jean Lapp was made a member of Spurs, the sophomore honorary.

MARY FERGUSON

NEVADA ALPHA—UNIVERSITY OF NEVADA

Chartered, 1915

Pledge Day, September 20, 1942

Miss Margaret E. Mack, dean of women of the university for many years and a charter member of Nevada A, retired this spring. She has been a constant help to the chapter. Her position has been filled by Mrs. Lucille Benson of Portland, Ore.

After some delay due to the war time summer session, school opened September 8. A decrease in enrollment was noticed, but surprisingly enough the decrease was in the enrollment of women rather than in the enrollment of men.

The annual Wolfe's Frolic was presented during the University of Nevada's twenty-seventh homecoming celebration October 30. Assistant director of the Frolic was Patricia Prescott. Contrary to other years, fraternity and sorority floats for the homecoming parade were dispensed with because it was thought that they were an unnecessary expense.

The chapter enjoyed a visit from Mrs. Manning, Mu Province President. Her inspiring message and her helpful suggestions were a great help to the members.

Among the college organizations the following hold offices: Adey Mae Dunnell, women's business manager of the *Sagebrush*, campus newspaper; Frances Hawkins, president of the Gothic N, honorary women's athletic society; Alice Martha Trainer, president of Cap and Scroll.

For maintaining the highest scholastic average for three consecutive semesters, Nevada A was awarded permanent possession of the Panhellenic scholarship cup. Nevada A has been awarded the last two scholarship

cups.

The pledge dance was held at the chapter house October 16.

PLEGGED: Virginia Bell, Betty Burkhalter, Lurayne Hamlyn, Kathryn Holcomb, Marion Holcomb, Patricia Trainer, Reno; Virginia Argoitia, Mattie Jean Geraghty, Ely.

BARBARA HEANY

ARIZONA ALPHA—UNIVERSITY OF ARIZONA

Chartered, August, 1917

Pledge Day, September 22, 1942

Actives returning to Arizona A were pleased and surprised to note several improvements made in the chapter house.

The rush period lasted one week with a tea, luncheon, coffee, or dinner scheduled for every day. As usual, a tea dance was given to introduce the new pledges to the men on campus.

The University of Arizona is contributing to the war effort in one way this fall by the introduction of a training school for naval officers. Old Main which has been "retired from service" since 1938 is being redecored to house the teaching staff of the trainees. A mess hall opposite the Co-op is being built. It will be supplied with food from the university cafeteria.

Girls chosen for Spurs are Nancy Trainer, Molly Watson, and Betty Ann Jamieson; for F.S.T., Joan Shivvers, Margaret Hale, Frances Campbell, Patricia Upshaw; for Mortar Board, Betty McIntyre Clark and Marian Houston Swallen. School offices held are: Panhellenic president, Mae Virginia Jamieson; treasurer of the A.W.S. and vice-president of Phrateres, Margaret Hale; recording secretary of W.A.A., Frances Campbell; editor of the *Desert*, Mary Lee Vernon.

Mary McCarthy is president of A B Ø, literary society. Kathryn Tempest and Jean Murdock are junior and senior class representatives, respectively, to Associated Women Students Council.

The university has organized a six member war committee in charge of conducting all war activities on the campus, and seeing that every co-ed finds a place in which she may volunteer her services. Jean Murdock is chairman of the Red Cross unit of this board.

The third floor of the Union Building on the campus has been taken over by the army.

As a result of a fire last spring, the members returned to school to a redecored chapter room.

Dorothy Davis was the originator of the large service flag which hangs in the living room. Already the chapter has one star for Pauline Gardiner who has been appointed in the W.A.V.E.S.

IN MEMORIAM

ELDA SMITH, initiated August 6, 1898, died September 13, 1942.

Again Pi Beta Phi mourns the loss of a former Grand Officer, Elda Smith, Illinois E, Grand Secretary from 1906 to 1910, of Springfield, Illinois. A devoted Pi Phi always, she found time also for many other interests, and her work will be greatly missed by Methodist Missionary circles and by the Kings' Daughters. For many years Miss Smith was treasurer of the northwestern branch of the Women's Foreign Missionary Society. Her sister, Elberta Smith, is also a member of Illinois E.

IDA CHESHIRE BARKER, I.C. Iowa B, charter, died October 5, 1942, Indianola, Iowa. She was the Founder of Iowa Beta chapter, in Simpson College, then called Blue Bird Seminary, at the instigation of a member of the Monmouth chapter. The history of her life and of her family is closely entwined with that of both the city and the college. Her daughter, Edith Barker Blattenburg, Iowa B, writes of her, "to be with her was to be refreshed and strengthened. It is because of lives such as hers that we have inherited this, our America."
